City's responses to the following submitted questions:

1. Question: "You stated that you will be printing line drawings, poster and banners. Do you have what percentage of line drawing you will be printing compared to poster and banners?" Also, do you have an estimated amount of square footage you will be printing on each? Or how many sheets and the size of the sheets per month?"

- a. Line Drawing?
- b. Posters?
- c. Banners?
- d. Fabric Banners?

Answer:

- a. Line Drawing? 25%,
- b. Posters? 65%,
- c. Banners? 10%,
- d. Fabric Banners? We don't print on fabric.

As for an estimate of how many square feet would be printed per month, I would guess at least 350-400 sq. ft. monthly (Based on past usage).

Sincerely,
