COLUMBUS, GEORGIA CONSOLIDATED GOVERNMENT
FISCAL YEAR 2023
ADOPTED OPERATING BUDGET

THIS DOCUMENT IS NOT INTENDED FOR USE IN LIEU OF THE ANNUAL COMPREHENSIVE FINANCIAL REPORT, THE ANNUAL BUDGET ORDINANCES LEGISLATIVELY ADOPTED BY COUNCIL, OR ANY OTHER OFFICIAL OR LEGAL DOCUMENT THAT MAY EVIDENCE THE ANNUAL OPERATING BUDGET OF COLUMBUS CONSOLIDATED GOVERNMENT.

Columbus Consolidated Government has made every effort to ensure the accuracy and timeliness of the data included in this Operating Budget. However, this Operating Budget document has been internally prepared by the Financial Planning Department using data available from CCG financial systems and other sources. The data contained herein has neither been subjected to external audit nor the rigorous testing that would typically accompany such an audit, and therefore use of or reference to any information contained in this Operating Budget, or any of its accompanying documents, should be for **discussion purposes only**.

This Operating Budget documents the appropriation of the FY2023 Operating Budget that was adopted by legislative action by the Columbus Council, which enacted Ordinance(s) on *June 21, 2022*. While the Financial Planning Department is involved in the documentation of the Operating Budget, authority to legislatively appropriate funding for all departments, enterprise funds, agency affiliations, and/or component units of CCG rests solely with Columbus Council.

For information regarding CCG that has been audited, please refer to the ***Annual Comprehensive Financial Report (ACFR)***. For information regarding legislatively adopted funding, please refer to the Ordinances adopted by Columbus Council on *June 21, 2022*.

PRESENTED TO

Columbus Consolidated Government

Georgia

For the Fiscal Year Beginning

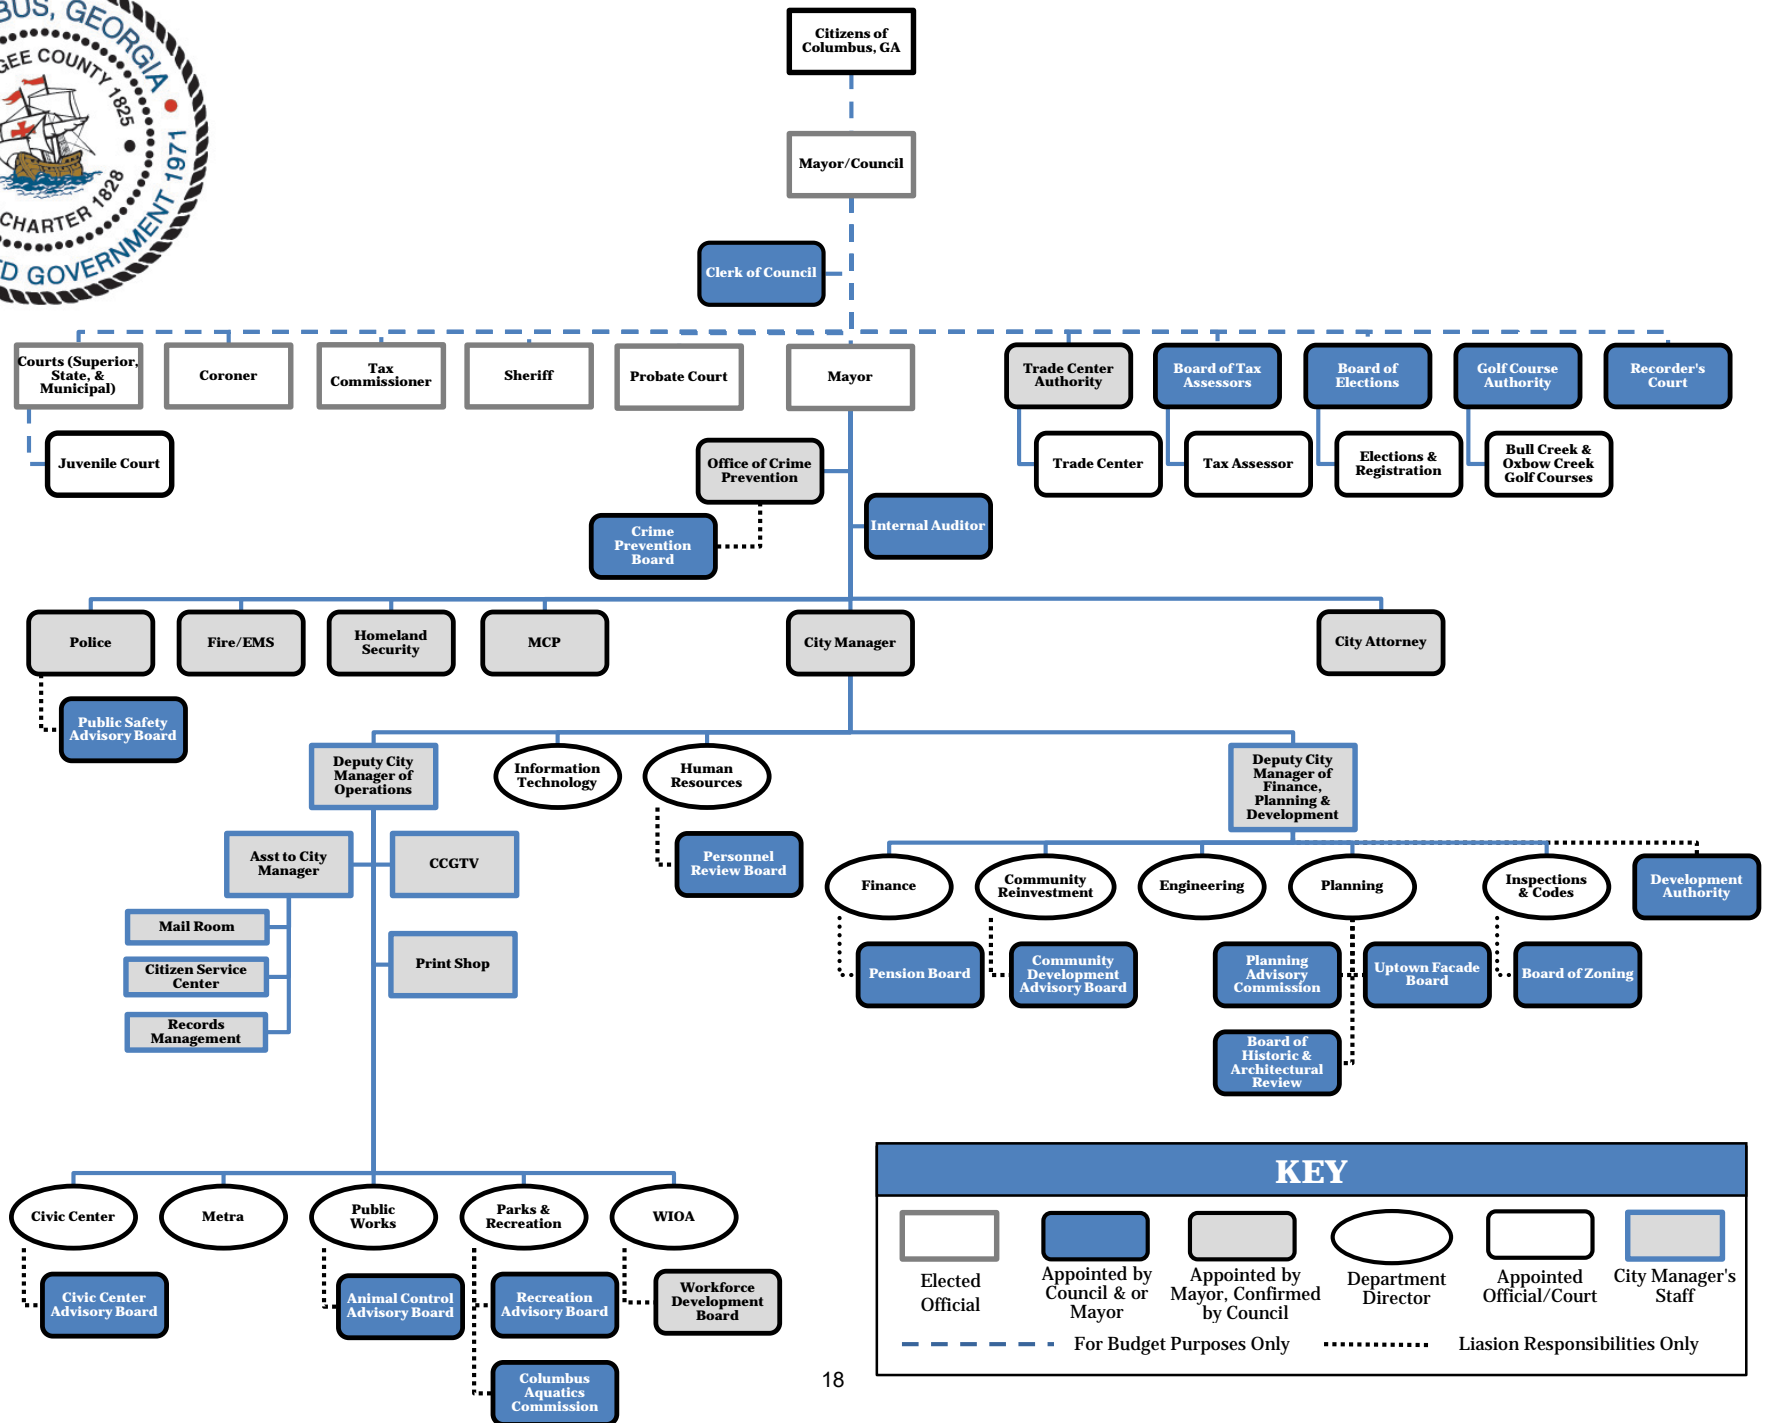

July 01, 2021

Christopher P. Morrill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to Columbus Consolidated Government, Georgia for its annual budget for the fiscal year beginning **July 1, 2021**. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

In RE: Fiscal Year 2023 Adopted Budget

Dear Citizens of Columbus, Georgia and Councilors:

I. Preamble

Over the past two years, our community has courageously weathered the negative impacts of the COVID-19 pandemic. While we have seen a decline in the number of new COVID cases and positive impacts to the City's fiscal condition, we are still faced with some challenges that we must overcome. As crime and inflation increases across the nation, we recognize that Columbus is not untouched. That's why in support of ongoing recovery efforts, we allocated millions of federal relief dollars to provide aid to small businesses and non-profits, many of which, serve our most vulnerable residents. We invested millions of fiscal recovery funds and fund balance reserves to ensure that City employees were able to provide vital community services, such as road repair, trash pickup and public safety. We infused millions of dollars in community safeguard programs to help address the increases in crime throughout the city. It is because of these investments in our local economy, infrastructure, and workforce, we are better positioned to continue the momentum we started last year. In fact, if the last two years is any indication of this community's resiliency, we are confident that the future for Columbus is bright and poised for success.

II. Introduction

Today we present to you the Fiscal Year (FY) 2023 Adopted Budget for review and examination. The Mayor's Adopted Budget message is provided pursuant to the Columbus Consolidated Government (CCG) Charter, including specifically §7-401, and Georgia statutory law, which provide that the elected Chief Executive of the local governing authority, here the mayor, is to engage in initial budgetary policy making.

This Adopted Budget is a balanced budget and includes an estimate of unencumbered fund balance, an estimate of cash revenues, anticipated expenditures by each department, office, board, commission and agency, approved capital outlays, data justification for expenditures and other such information that was necessary for Council’s deliberation.¹

III. FY2023 Budget Assumptions

The FY2023 Adopted Budget is balanced with \$314,533,253 in revenues and expenses. This amount is up 6.06% from our FY2022 Adopted Budget of \$296,552,993.

Our FY2023 revenues are comprised of \$166,039,189 in General Fund revenue, which includes \$40,000,000 in Local Option Sales Tax (LOST) funds, \$40,000,000 in Other Local Option Sales Tax (OLOST) funds, and \$93,405,506 in all other operating fund revenue. The property tax digest reflected a slight increase in FY2022, and we are projecting another modest increase in the FY2023 property tax digest for real property.

We are hopeful that this Adopted Budget proactively prepares for any prolonged challenges that may lie ahead as we recover from the effects of the pandemic. Our recovery, both operationally and fiscally, will largely depend on the continued workforce and supply chain disruptions we have experienced over the past two years. However, we are optimistic that this Adopted Budget is a solid spending plan for the upcoming fiscal year as it remains in line with our strategic plans, priorities and initiatives. We will continue to monitor our budgetary performance and will provide updates and/or recommendations to Council if adjustments are warranted. Fortunately, some sources of revenue, particularly our sales tax revenue have remained consistent, and we hope it remains for the foreseeable future. While some revenue sources have yet to fully recover, we are also experiencing positive gains in our hotel-motel taxes. Transient occupancy rates are close to pre-pandemic levels which is a good indication of economic recovery for our tourism and hospitality industries. Other projected changes in General Fund revenues by category are laid out below:

ANTICIPATED CHANGES IN FY2023 PROJECTED GENERAL FUND REVENUES	
General Property/Title Ad Valorem Taxes	\$4,463,000
Sales Taxes	\$2,800,000
Insurance Premium Taxes	\$500,000
Transfers-In/Other Miscellaneous Revenues	(\$173,100)
Various User Fees/Charges for Services	(\$1,137,000)
Court Fines/Forfeitures	(\$1,550,000)
TOTAL FY2023 REVENUE CHANGE	\$4,902,900

Other assumptions that comprise this budget include:

- A 2% Cost of Living Adjustment (COLA) for all employees effective July 2022
- A 1% COLA for retirees effective July 2022

¹ This information was provided simultaneously herewith via a SharePoint website.

- Budgeted healthcare cost of \$6,200 per position
- No change in the total millage rate
- A 9 mill cap
- A 2% increase in the Property Tax Digest
- 98% Ad valorem collection rate
- A \$200,000 subsidy to the Bull Creek and Oxbow Meadows Golf Courses

IV. General Fiscal Policies and Adopted Changes

A. Employee Raise and Comprehensive Pay Reform

This Adopted Budget includes a 2% Cost of Living Adjustment (COLA) for all classified employees effective July 2022. The cost to implement these pay adjustments is \$2,385,736.

Without a doubt, we needed a comprehensive review of the overall pay structure of this government. Realization of this need resulted in us hiring Evergreen Solutions as our Classification and Compensation Consultant to conduct a full assessment of our current pay and compensation plan. Though we have implemented pay reform for all public safety agencies in prior years, we have yet to systemically address pay reform for all CCG employees. Our current University of Georgia (UGA) pay plan was implemented in 2006 and it is considerably outdated. Unfortunately, after years of stagnant salaries, employee compensation isn't as competitive as we need it to be for recruitment and retention purposes. We often lose our best and most experienced employees to other agencies because they pay more. That is why this Adopted Budget includes \$10,000,000² to implement a new pay and compensation plan for all CCG employees. This is a large yet necessary investment in the City's most valuable resource, its employees. Without employees, we cannot adequately provide core city services. With time and effort, we are hopeful that implementation of this comprehensive pay study will address the revolving door, so to speak, and help us fill some critical vacancies in our government. Hopefully, comprehensive pay reform will also incentivize longevity and reduce pay compression by better aligning employee salaries with the current employment market.

B. Budget Neutral and Non-Budget Neutral Employee Positions

Below is a chart of new or re-classified employee positions included in this Adopted Budget. These positions descriptions were reviewed and evaluated by Evergreen Solutions, our Classification and Compensation Consultant, and their recommendations are denoted below.

C. Stabilizing Our Healthcare Costs

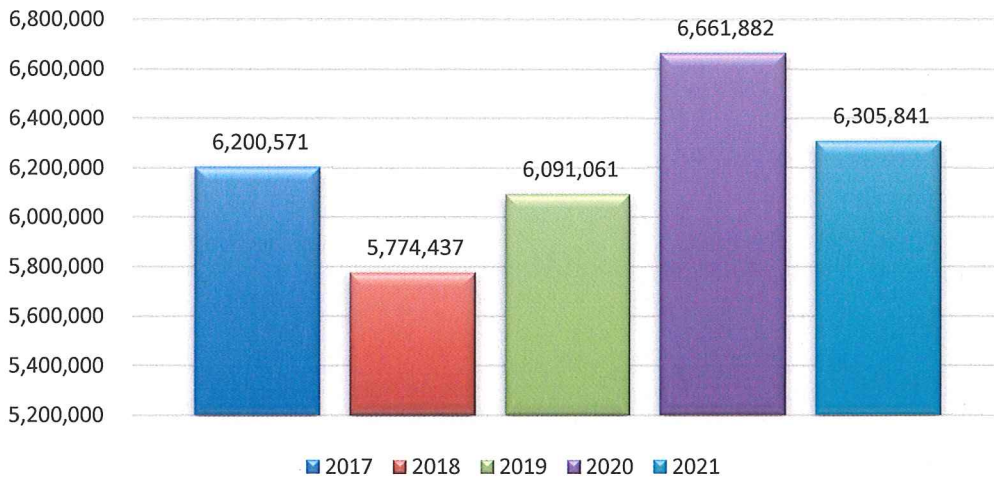

CCG medical claims have fluctuated over the last three years with a 5.52% increase from 2019 to 2020 and a 15.54% increase from 2020 to 2021 as is shown below:

Columbus Consolidated Government Annual Medical Claims CY2017 - CY2021

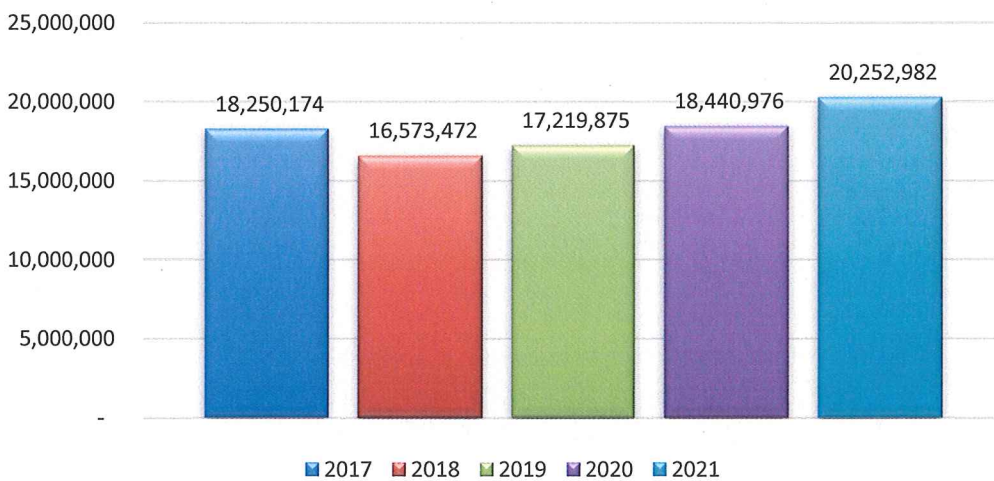

Prescription drug claims have also experienced some fluctuations. We experienced an 8.57% increase from 2019 to 2020 and a 5.65% decrease from 2020 to 2021 as depicted below:

Columbus Consolidated Government Annual Rx Claims CY2017 - CY2021

Overall healthcare claims were on a declining trend until recent years. For the past 3 years, costs have been on an upward trend as shown in the chart below.

Columbus Consolidated Government Annual Medical/Rx Claims CY2017 - CY2021

The continued success of our wellness program has allowed us to exceed national healthcare cost trends in recent years. However, we, like the rest of the nation, are not immune to rising healthcare costs associated with COVID-19. These cost increases have caused us to re-think the make-up of our long held 70/30 cost sharing strategy for healthcare. If we continued our current contribution

strategy, employees would've have experienced a 9% increase in health insurance premiums in addition to the increases they are seeing with everyday living expenses such as rent, gas, and food. To that end, this Adopted Budget changed our cost sharing strategy so that healthcare costs consist of a 73% contribution from CCG and 27% from employees. This strategic change along with a \$10 co-pay increase for office visits allows us to avoid premium increases as in prior years. In fact, this year will be the seventh consecutive year in which employees will experience **no premium increases** if they participate in the wellness program. Participation in the program means that every participating employee (not family members) agrees to: 1) participate in a complete biometric screening; and 2) *if* deemed a "high risk" patient, participate in health coaching. If the employee successfully completes these steps, then they will have **no premium cost increase** for 2023. However, lack of participation in this optional program will result in a 12% premium increase.

Improving the health and quality of life of our hardworking employees while at the same time decreasing the cost of healthcare to them is important to us. With that said, as an additional incentive to encourage continued participation, we will provide gift cards to all employees that complete the biometric screening.

D. INTEGRATED WASTE FUND

The Integrated Waste Fund and its lack of sufficient reserves for capital replacement and closure/post-closure costs has been the topic of much debate in past years. Fortunately, through the utilization of inmate labor and minor service adjustments to our Integrated Waste programs, we have been able to continue providing services at a very low cost to the community. Regrettably, the challenges we have experienced with our Integrated Waste programs during the COVID-19 pandemic are unlike anything we have ever experienced, and these challenges have caused us to reassess how we deliver services to the community. Columbus, like many cities across the nation, is struggling to keep up with waste collection services because of staffing shortages. The labor shortages concerning inmates are due to backlogs in the court system and the loss of experienced drivers is due to a non-competitive pay structure. While we understand that waste collection and disposal is an essential function of the government, we also know that the sustainability of our Integrated Waste system is at risk without significant changes to our long term strategic plans. That is why City Administration proposed, and City Council approved, the use of approximately \$19 million in fiscal recovery funds to automate waste collection services. The automation and containerization of waste results in a cleaner community and reduces workforce helper demands as automated collection trucks only require a driver. We have automated our recycling collections and as we move down the path of discontinuing the use of inmate labor for household garbage pickup, we are hopeful that the new pay and compensation plan will further allow us to employ more drivers who have or can obtain a commercial driver's license (CDL). National supply chain disruptions during the pandemic have exacerbated the need for CDL drivers and we can only hope that a more competitive pay structure will help with the recruitment and retention of these essential employees. Until staffing levels improve, we are proposing to continue utilizing the services of a private company for the collection of yard waste. Integrated Waste Fund reserves in the amount of \$4.78 million are being utilized to cover the cost of this service. Salary savings will absorb some, but not all, of the costs for these services. It should be noted that there are no waste collection fee increases in this Adopted Budget though our Integrated Waste System remains in dire need of equipment. Waste collection trucks and other equipment are consistently in need of costly repairs which not only burdens our funding, but also restricts our effectiveness in providing services to the community. Our Public Works Department has engaged a consultant to conduct a rate study to help determine the level at which our rates should be to support all of the needs of our Integrated Waste System. The results of this study will be presented to Council for review and discussion. This study will provide us an unbiased assessment of our funding position as we consider any

plans for a systematic rate adjustment that will be critical to the continued operation of our Integrated Waste System.

E. OLOST Distribution

The OLOST revenue budget is projected to be \$40 million in FY2023, with 70% dedicated to Public Safety (\$28 million) and 30% dedicated to infrastructure (\$12 million).

Out of the \$28 million dedicated to Public Safety, \$26.1 million is appropriated (already obligated) for prior, ongoing commitments related to personnel expenses, debt service, public safety system enhancements and maintenance and cost allocations. The remaining \$1.9 million in OLOST funds are appropriated for additional capital outlay allocated among the Public Safety departments and offices.

The additional capital appropriations are allocated as follows:

<i>OFFICE</i>	<i>DESCRIPTION</i>	<i>AMOUNT</i>
<i>Police Department</i>	10 Pursuit Explorers w/ Equipment Packages, Axon Taser 7 Replacement Program	\$733,372
<i>Fire/EMS</i>	175 Personal Protective Equipment, 125 Helmets, 15 Life Pack 1000 AED's, 4 Full Size Impalas	\$583,375
<i>Sheriff's Office</i>	Axon Officer Safety Plan 7 and 3 Pursuit Vehicles w/ Equipment Packages	\$467,367
<i>MCP</i>	1 Convection Oven, Kitchen Equipment, Key Watcher Key Management System	\$112,879
<i>Coroner</i>	1 Full Size Ford Excursion	\$54,000
	TOTAL	\$1,950,993

In the upcoming year, we will continue to have one significant drain on our OLOST monies, which reduces the sums distributed to individual public safety departments/offices, related to our Court Management System. Implementation of the new Court Management System was completed in FY2021 with a go-live date in September 2020. Our old mainframe system has been decommissioned now that the new Court Management System is in production. While some of the implementation costs were set aside over the course of time, the remaining implementation costs as well as ongoing annual maintenance costs will need to be covered for several years to come. Implementation and annual maintenance costs total \$8.1 million over the next five years with only annual maintenance thereafter at an annual cost of approximately \$991,000.

V. Conclusion

This Mayor's FY2023 Adopted Budget message is presented together with the City Manager's budget letter and the FY2023 Adopted Budget Book. We should be encouraged by the progress we have made over the past few difficult years and know the decisions we make this year will likewise move us toward greater financial security and community prosperity. We continue to face systemic limitations caused by our tax structure and state revenue policies. This COVID-19 crisis has presented us with new challenges as we navigate through these unprecedented times of economic uncertainty. Innovative thinking will need to be employed to determine how our

community can continue to thrive in the face of those limitations as we hope for swift financial recovery.

I want to thank our City Manager Isaiah Hugley, Deputy City Managers Lisa Goodwin and Pam Hodge, our Finance Director Angelica Alexander, our Department Heads, our elected partners and staff for their tremendous assistance in the effort of composing this fiscally responsible Adopted Budget.

To our Council, I thank you for all of the hard work that was necessary to review, deliberate upon and decide the FY2023 Adopted Budget.

This is the Columbus, Georgia Consolidated Government Fiscal Year 2023 Adopted Budget submitted for your examination and review.

Very best regards,

Dear Ladies and Gentlemen:

As we prepare for the upcoming fiscal year, Columbus, Georgia continues to face the challenge of providing its citizens with vital, quality services and amenities within the confines of its limited resources without draining its long-term reserves. Columbus, like other municipalities across the nation, continue to cope with the consequences of rising costs of necessities such as healthcare, federal and state policy changes, and unpredictability in the housing and financial markets. Considering our revenue limitations and increasing expenditure demands, we are faced with two courses of action. We can continue to provide the level of services and amenities our citizens are accustomed to, while deferring significant investments in our public buildings and modernization of our infrastructure. Although this option may provide short-term financial relief, it is not sustainable as it promotes the deterioration of our infrastructure and engenders greater costs over time. Or we can prudently invest in needed services and infrastructure that will not only help maintain the quality of life demands from our citizens but also preserve our community's social, economic, and fiscal conditions. In a time of significant fiscal pressure and uncertainty, we must prioritize maintenance of essential services and infrastructure investments in such a way that will improve and strengthen what we love about Columbus without losing our sense of culture, character, and community. For that reason, the Columbus Consolidated Government remains committed to bridging the gap between providing efficient services and top-notch quality of life amenities while also investing in the modernization of our infrastructure and buildings. As such, we will always strive to achieve these strategic goals through trust, accountability, communication, and transparency with our citizenry.

In preparing this FY23 Adopted Budget, the needs and demands of the citizens we serve were at the root of our concerns. However, this budget cycle presented unprecedented challenges as we transition into the next phases of pandemic recovery. The objective was to live within our means while meeting the service needs of our citizens without undue depletion of our long-term reserves, which are vital to the sustainability of our city's economic infrastructure. While local, regional, and national economic conditions are rebounding in both consumer spending and in the housing market, the digest is projected to increase by 2 percent as other revenues continue to fluctuate based upon user trends. The FY23 Adopted Budget is balanced at \$314,533,253. In order to balance the operating budget, \$15,088,558 of fund balance was budgeted from the General Fund, OLOST Fund, Integrated Waste Fund, and the Transportation Fund. Subsidies in the amount of \$200,000 are included for the Bull Creek and Oxbow Creek Golf Courses. There are no subsidies for the Integrated Waste Fund, Civic Center Fund, or Indigent Care Fund. There

limited amount of funding for capital outlay in the General Fund is being included as part of the budget.

There is a no change in the total millage rate in FY23 when compared to FY22. The millage rate is 17.51 for USD #1, 11.53 mills for USD #2 and 10.63 mills for USD #4. The total General and Urban district subject to the 9 mill cap is 9.00 mills in USD #1, 6.95 mills in USD #2, and 6.80 mills in USD #4.

Challenges

We continue to struggle with replacement of capital equipment and infrastructure maintenance. The last time significant funding was made available for capital investment was with the 2009 Other Local Option Sales Tax. The Columbus City Council confirmed by resolution to dedicate 70% of the tax to Public Safety and 30% of the tax to Infrastructure. This FY23 Adopted Budget provides a small amount of funding for the Capital Replacement Program in the General Fund. We were able to fund minimal capital requests in other operating funds but left many justified equipment requests and projects unfunded. Costs of operations remain at a minimal level. As we look to our future, we must be mindful of the potentially costly impact that deferred maintenance on equipment and vehicles or delayed reinvestment in basic infrastructure may pose to us in years ahead.

Cost Containment Measures

Several cost containment measures were continued in the FY23 Adopted Budget. All positions that were unfunded during FY22 will continue to remain unfunded during FY23. An “unfunded” position is one that cannot be refilled during the budget year due to lack of available funding for the position, but the position remains an authorized position that may or may not be funded in subsequent budget years. This measure results in substantial annual savings in the General Fund.

In addition to continuing unfunded vacancies, the City has also made the decision to continue to defer major maintenance and significant capital improvements to most of its facilities and infrastructure for the foreseeable future. The aging and deteriorating condition of some of the City’s buildings and other facilities is of grave concern; however, the austere budget circumstances in which we find ourselves year after year simply do not allow the City to significantly invest in its own facilities at this time. In the near future, we are hopeful that we can secure the funding needed to facilitate the much-needed improvements to our public buildings and infrastructure.

Budget Process

Early in the budget preparation period, we forecasted that revenues would not fully support the operations of the government. The combination of reducing expenditures, unfunding vacancies, delaying most capital and infrastructure purchases, reducing subsidies to other funds and agencies, revising healthcare plan design and maintaining contribution levels, preserving General Fund-Fund Balance, revisiting fee adjustments for select services, and utilizing one-time revenues allowed us to balance the budget during this economic time. An increase of 2% in the tax digest for FY23 is estimated and a 98% collection rate is projected. The departments in the General Fund maintained the same operating budget as FY22, with a few exceptions. With

departments/offices essentially operating at the same level as FY22, departments will have the extraordinary challenge of providing more, in most cases, with continued static financial resources and fewer human resources. Some departments will continue to leave positions unfunded and postpone filling any vacant positions, reduce or eliminate part time or overtime hours, make strategic changes to their scheduling and shifts, and evaluate operational priorities in order to remain within their allocated budgets.

The following chart details the Adopted Operating Budget for FY23. The left columns identify the funding for each fund, and the right columns show the appropriation for each fund in comparison with the adopted budget for FY22. The Fund Balance column identifies those funds that requires fund balance to balance their appropriations. There is some use of fund balance included in the Adopted Budget for FY23 as depicted below.

The total operating budget is \$314,533,253 excluding Health Insurance, Risk Management, Community Development Block Grant, and WIOA Funds. WIOA and Community

* \$10,000,000 of General Fund reserves will be used to implement a new pay and compensation plan. This is a one-time use of reserve funds that were previously set aside for this purpose. This amount will be sustained with anticipated revenue growth due positive economic trends and redistribution of existing expenditures in certain funds.

Development Block Grant have different budget cycles due to federal regulations; an estimated budget is incorporated in the regular budget process. Budget adjustments for these funds will be forwarded to Council in the Fall.

Assessment

The Columbus Consolidated Government offers an array of services to its residents including public safety, judicial, parks and recreation, sanitation, and general government operations. At the time of consolidation in 1971, the government recognized that not all citizens within Muscogee County would receive equivalent levels of service. In recognition of this disparity, specific tax districts were established to levy taxes in direct proportion to services provided within each taxing district.

Currently, there are three urban service districts (USD1, USD2, and USD4), not including the special districts created for the Business Improvement District. The assessment and millage set for the primary three districts are distinguished by the services provided to each district: general services and urban services. The general services are provided to the total area of Muscogee County as fixed and established on the effective date of the last amendment to the charter. Functions and services provided to the general service district are commonly available and accessible or otherwise provided to all residents throughout the total area of the county. Examples are judicial services, parks and recreation, city administration, certain police services, health facilities and incarceration facilities. Urban service districts provide more comprehensive and intensive levels of governmental duties. Examples are fire protection, police patrol services and street maintenance. The total millage for urban and general service plus transportation services has a nine-mill cap not including debt service, indigent care appropriations, and road and stormwater (sewer) millages.

The criterion for calculating the millage rate in each district is outlined below.

General Service - Services are of equal level throughout the county. Taxes are levied on all Muscogee County property owners.

Indigent Care – This tax is levied to provide support for inmate medical and indigent healthcare costs for county residents who cannot afford medical treatment.

METRA - This tax is levied to subsidize mass transit in the city. Taxes are levied after all other income from fares and other service charges and other governmental entities are calculated.

Urban Service - Services are diverse in various sections of the county. Taxes are levied proportionately on property owners of each district based on the level of service.

Fire Tax - The millage rate is dependent on the Fire Department's ISO rating for each district. The ISO rating is the same throughout all of Muscogee County.

Patrol Services - The tax rate is calculated according to the median response time on all police calls.

Stormwater (Sewer) - The tax rate is calculated according to the number of miles of public roads and streets in the district, which are maintained at local expense.

Street Maintenance - The tax rate is calculated according to the number of miles of public roads in each district per acre of land. Taxes are levied in the Paving Fund for this activity.

The chart below shows the distribution of the millage among districts.

In Urban Service District #1, which encompasses most of the community's land area, the millage rate will be 17.51 mills. Funding is continued for economic development activities. In Urban Service District #2, which extends along the northern boundary of Columbus, the tax rate will be 11.53 mills. In Urban Service District #4, which is presently limited to some small parcels on the Fort Benning reservation, the tax rate will be 10.63 mills. Under the requirements of the Taxpayer Bill of Rights, three public hearings will be held in order for citizens to discuss the changes in the tax rate.

Personnel Changes and Employee Compensation

Each year, a major portion of the budget is allocated to personnel costs. In FY23, that percentage will reach approximately 54%. The City increased its annual health care contribution

from \$5,870 to \$6,200 per full time budgeted position. With the adopted increase in the City's contributions, employee premium contributions will now reflect a shared contribution strategy of 73% employer contribution applied across all plans as well as plan adjustments to provide a premier health insurance plan for employees and their qualified dependents. This is a change from the previous contribution strategy where CCG covered 70% of the costs for health care. Employee's spouses that have access to an employer sponsored health insurance plans will continue to pay a spousal surcharge to be included in the City's health insurance plan. The establishment of the Health and Wellness Center, which opened in May 2013, is expected to continue to assist with controlling the rising costs of healthcare through improved employee health status and improved control over chronic conditions like high blood pressure, diabetes, and high cholesterol. Staff will continue to pursue the development of "tools" to help our employees make better health choices based on education and cost cutting strategies. All elected officials whose pay is tied directly to the State of Georgia's Merit System received an increase in their pay effective January 1, 2022, and will receive a \$5,000 pay increase effective January 1, 2023. However, all classified general government and public safety employees (excluding elected officials) will receive a cost-of-living adjustment of 2.0% effective July 2022 and a cost-of-living adjustment for retired employees of 1.0% is also effective July 2022. Both are included in this Adopted budget. This Adopted Budget also includes implementation of a new Pay and Compensation plan for all CCG employees to relieve pay compression and address pay parity within the labor market. Most Public Safety employees continue to receive an annual \$3,121 supplement except for the Police Department which receives as an annual supplement in the amount of \$5,121. Other personnel adjustments are outlined in the Personnel Section of this budget document.

Capital Projects and Capital Outlay

The FY23 budget includes \$7,974,968 in capital improvements projects and \$9,690,836 for capital outlay across all operating funds. Funding has been included for road resurfacing, and pipe rehabilitation and replacement. Details of the capital improvement projects are found in Capital Improvement Projects Section. The Capital Outlay is detailed in the Appendix.

Departmental Highlights

Listed below are the major budget highlights for each department. Due to required contributions for pension and one-time capital purchases, some departmental budgets have increases in personnel costs and/or show an overall budgetary increase. Major changes beyond personnel are identified with additional details contained in the Departmental Summaries Section of this budget document.

- ◆ The Legislatives' FY23 funding level is \$633,911 a 6.50% increase from the FY22 adopted budget of \$595,238. This department includes the Council and the Clerk of Council divisions.

- ◆ The City Manager's FY23 funding level is \$1,847,658, a 17.10% increase from the FY22 adopted budget. This department includes the City Manager's Office, Mail Room, Print Shop, Public Information, Quality Control, Keep Columbus Beautiful, Family Connection and the Citizen Service Center. The funding level increase is associated with the transfer of a position from Public Works for Keep Columbus Beautiful which simultaneously reduces the budget in Public Works by the same amount, the partial funding transfer of a grant position for Family Connection (79% of the position's funding will remain in the grant fund), and a new Director of Community Affairs position that will provide public relation services to the government at-large.
- ◆ Finance's FY23 funding level is \$2,613,334 an 1.09% increase from the FY22 adopted budget. This department includes the Director's Office, Accounting, Revenue, Financial Planning, Purchasing and the Cash Management divisions.
- ◆ Information Technology's FY23 funding level is \$6,603,407, an 8.65% increase from the FY22 adopted budget. The Information Technology Department will also receive funding from the Other Local Option Sales Tax (Infrastructure) in the amount of \$1,418,040 for continued investment in critical technology improvements. \$1,418,040 of FY23's Other Local Option Sales Tax allocation will be used to install new and replacement computer equipment, a city Fiber upgrade, implement the Eagle Recorder Cloud, and an upgrade to the inmate software at MCP and GIS System Aerial Imagery.
- ◆ Human Resources' FY23 funding level is \$2,177,717, a 10.19% decrease from the FY22 adopted budget. This department includes the Administration and Employee Benefits divisions. This decrease is due to a decrease in consulting fees.
- ◆ Inspections and Code Enforcement's FY23 funding level is \$2,587,884 a 12.49% increase from the FY22 adopted budget. This increase is due to an increase in the operational budget for demolitions.
- ◆ The Planning Department's FY23 funding level is \$321,454, a 5.11% increase from the FY22 adopted.
- ◆ The Community Reinvestment funding level is \$145,682 a 5.51% decrease from the FY22 budget.

- ◆ Engineering Department's FY23 funding level is \$2,065,499 a 4.56% increase from the FY22 adopted budget. This department includes Traffic Engineering and Radio Communications divisions. The Radio Communications division established a radio maintenance agreement with Motorola through the Motorola Migration Assurance (MAP) Plan in FY17. An additional System Upgrade Agreement was established in FY21 for radio maintenance. In addition to the aforementioned divisions, which are funded in the General Fund, this department manages divisions funded in the Stormwater (Sewer) and Paving Funds. Engineering Department's Drainage Division will operate with \$785,300, a 1.94% increase from FY22's adopted budget, and the Highways & Roads Division will operate with \$1,251,796, a 2.45% decrease from FY22's adopted budget. Engineering also receives an allocation of \$2,700,000 from the Other Local Option Sales Tax, which is a 22.73% increase from the amount allocated in FY22.

- ◆ Public Works' FY23 funding level is \$9,470,402, a 5.8% increase from the FY22 adopted budget. This department includes the Director's Office, Fleet Management, Animal Control, Cemeteries, Facilities Maintenance, and Other Maintenance & Repairs divisions. Besides managing the aforementioned divisions, which are funded in the General Fund, the department manages divisions in other Operating Funds that are listed below: Two divisions, Stormwater Maintenance and Other Maintenance & Repairs, operate with \$3,297,586 in the Stormwater Fund. This allocation is a 3.85% increase from the FY22 adopted budget for Public Works' stormwater construction and maintenance activities. The Public Works' Department will also receive funding from the Other Local Option Sales Tax in the amount \$129,619 for OLOST supplements for Correctional Officers.
 - ◆ Four divisions; Streets, Urban Forestry & Beautification, ROWM Community Services, and Other Maintenance & Repairs, operate with \$12,926,452 in the Paving Fund. This allocation is a 4.55% increase over the FY22's adopted budget for Public Works' paving and maintenance activities.

 - ◆ Six divisions; Solid Waste Collection, Recycling, Granite Bluff Inert Landfill, Oxbow Meadow Inert Landfill, Pine Grove Landfill, Recycling, and Other Maintenance & Repairs, operate with \$14,772,814 in the Integrated Waste Management Fund. This allocation is a 43.89% increase from the FY22 adopted budget for Public Works' waste management program and maintenance activities. This increase is due to continuation of yard waste pick-up services, contracted through AmWaste.

 - ◆ Other Maintenance & Repairs is budgeted in the Transportation (METRA) Fund for \$15,000 and in the Civic Center Fund for \$125,000.

- ◆ Parks & Recreation's FY23 total funding level is \$11,046,643, a 5.09% decrease from the FY22 adopted budget. This department includes the Director's Office, Park Services, Recreation Services, Community Schools, Athletics, Therapeutics, and Special Facilities (Memorial Stadium, Golden Park, Cooper Creek Tennis Center, Aquatics, Columbus

Aquatics Center, Pottery Shop, Lake Oliver Marina and Senior Citizen's Center divisions). In addition to the aforementioned divisions, which are funded in the General Fund, the department also manages the program listed below:

- ◆ Parks Refuse Collection operates with \$99,081 in the Integrated Waste Management Fund. This allocation is a 2.04% increase over last year's budget for Parks & Recreation waste management program activities due to allocation of additional operating funding.
- ◆ The Parks & Recreation Department will also receive funding from the Other Local Option Sales Tax in the amount of \$49,560 for OLOST supplements for correctional officers, a decrease of 1.01%.
- ◆ Cooperative Extension Services' FY23 funding level is \$137,865, no change from the FY22's adopted budget. The staff members are state employees, but the Consolidated Government supplements five salaries.
- ◆ Boards & Commissions' FY23 funding level is \$3,114,456, a 2.97% increase from the FY22 adopted budget. This department includes the Board of Tax Assessors and the Board of Elections and Registration.
- ◆ Police Services' FY23 funding level is \$27,896,902, a 1.51% increase from the FY22 adopted budget. This department includes the Chief of Police, Intelligence/Vice, Support Services, Field Operations, Office of Professional Standards, Administrative Services, and Investigative Services divisions. Besides managing the aforementioned divisions, which are funded by the General Fund, the department manages the emergency call center (E911).
 - ◆ The Police Department will also receive funding from the Other Local Option Sales Tax in the amount of \$10,949,340, an 8.16% decrease from FY22. One-time capital equipment purchases accounts for this large decrease.
 - ◆ The Emergency Call Center (E911) operates with \$3,763,393 in the Emergency Telephone Fund. This allocation is 2.97% more than last year's budget for E-911 activities. Operational costs continue to grow more rapidly than funding appropriated from the \$1.50 surcharge on all land-based, wireless, and pre-paid telephone lines. In FY23, no transfer from the Other Local Option Sales Tax Fund was necessary to subsidize operational costs. E911 operations also receives funding from the Other Local Option Sales Tax in the amount of \$377,446 for personnel and operating expenses.
- ◆ Fire and Emergency Services' FY23 funding level is \$26,170,087, reflects a 1.63% increase from the FY22 adopted budget. This department includes the Chief of Fire and EMS, Suppression and EMS, Training, Prevention, Hazardous Materials Response Team, Maintenance, Special Operations, Administrative Services, Logistics/Support, and

Emergency Management divisions. The Fire Department will also receive funding from the Other Local Option Sales Tax in the amount of \$3,288,974, a 23.83% decrease from the FY22 Adopted Budget. One-time capital equipment purchases accounts for this large decrease.

- ◆ The Muscogee County Prison's FY23 funding level is \$8,428,435, a 1.37% increase from the FY22 adopted budget. The Muscogee County Prison will also receive funding from the Other Local Option Sales Tax in the amount of \$807,521, a 23.46% decrease from the FY22 adopted budget due to the purchase of capital equipment.

- ◆ Employee Health Insurance Fund's FY23 funding level is \$23,912,887 reflecting no change from the FY22 adopted budget. The City's contribution will be \$6,200 per budgeted employee in FY23.
- ◆ Risk Management's FY23 funding level is \$5,800,588 up 8.59% over the FY22 adopted budget. The Risk Management fund usually includes allocations for risk management as well as workers' compensation.
- ◆ Economic Development' budget decreased to \$2,388,492, a decrease of 1.87%, The amount is determined by an estimate of 0.50 mills. The total of 0.50 mills includes 0.25 mills dedicated to the Development Authority for new and ongoing economic development activities, an annual payment in the amount of \$800,000 for the NCR and BC/BS projects (Year 8 of 10), \$100,000 for the Mercer Project (Year 4 of 5), and \$175,000 for the Business Development Initiative (Year 2 of 2). Annual appropriation and allocation of the Economic Development Fund is at the discretion of Council.
- ◆ Workforce Innovation & Opportunity Act (WIOA), also formerly known as the Job Training Partnership Act (JTPA) will have a funding level of \$3,405,720 in FY23. Since this is a federally funded program, its program year overlaps with the City's fiscal year. Revisions will be forthcoming in the fall to adjust the funding levels when contracts are finalized.
- ◆ The Community Development Block Grant (CDBG) Fund FY23 funding level will be \$1,736,936, an increase of 6.12% from the FY22 adopted budget. This is another federally funded program that overlaps the City's fiscal year where program adjustments will be needed in the fall.

Conclusion

The budget reflects the very challenging times we continue to confront. Although we are optimistic for the continuation of the momentum we have gained, it is essential that we are realistic about the budget decisions ahead of us. The goal is to remain financially stable to endure such extraordinary changes in the economy with fiscal accountability, civic responsibility, and innovative leadership. As we continue to strive to find more creative ways to deliver services, we will also continue to strive to plan today for a better tomorrow and meet the demands of our valued citizens. The dedication and commitment of the staff to deliver services and sustain the City during these times is commendable.

Sincerely,

Isaiah Hugley
City Manager

COLUMBUS PROFILE

Nestled in Georgia's southern Piedmont region on the banks of the mighty Chattahoochee River is one of the hidden jewels of the American South. Columbus is one of Georgia's three Fall Line Cities, along with Augusta and Macon. The Fall Line is where the hilly lands of the Piedmont plateau meet the flat terrain of the coastal plain. Due to its unique location, Columbus has a varied landscape that includes rolling hills on the north side and flat plains on the south. It is centered by the Chattahoochee River, a rich natural resource that allowed Columbus to thrive as a milling and textile manufacturing hub in its early years and that provides a variety of opportunities for recreation, sport, and beauty today. Founded in 1828, Columbus was the last planned city of the original Thirteen Colonies. Originally, the city was inhabited by the Yuchi and Creek Indians and was later claimed by Spanish missionaries in 1679. Later, the French and British discovered it as a strategic trading site. Because of its proximity to the Chattahoochee River, Columbus grew to become a center of shipping and military manufacturing. Before and during the Civil War, Columbus served as a center for arms manufacturing. Following the Civil War, reconstruction was vigorous and included the building of several factories and the Springer Opera House, which later became the State Theater of Georgia. Continuing its military relationship, the Columbus Soldiers' Aid Society sponsored the nation's first celebration of Memorial after the Civil War. Later in 1918, a small camp became **Fort Benning**, which is now the largest infantry school in the world and home to the Western Hemisphere Institute for Security Cooperation (WHINSEC). Today, Columbus is a vibrant community that is rich in

culture, economic, educational and recreational opportunities. Its diverse population enjoys the beautiful tapestry that this once textile-mill based city has built using its natural and manmade resources to reach its full potential.

Columbus & Muscogee County

In 1971, the City of Columbus and Muscogee County consolidated to form the first consolidated government in Georgia. The entire county is inside the city limits. Outer areas of the county are classified for taxing purposes as General Service Districts (GSDs). The balance of the county is divided into two Urban Service Districts (USDs) receiving more comprehensive services than GSDs. The government has a ten-member Council and Mayor. The Council is composed of one member from eight proportional districts and two at-large districts serving four-year staggered terms. The Mayor, who also serves a four-year term, appoints the City Manager pending approval by Council. Open sessions are held by Council on Tuesdays at 9:00 a.m. (2nd & 5th Tuesdays) and at 5:30 p.m. (1st & 4th Tuesdays). According to US Census Bureau statistics, the City of Columbus is now the second largest in the state of Georgia with roughly over 206,000 residents as of July 2021 estimates. The larger combined statistical metropolitan area, which consists of Columbus (GA) and Phenix City(AL) has over 321,048 residents. The Columbus Consolidated Government (CCG) is a full service city providing a wide range of municipal programs and facilities. Services include the following: public safety, recreation and cultural events, transportation, planning and development, road maintenance and general governmental services. Over 3,000 employees work for CCG.

Columbus Profile

Education

The **Muscogee County School District**, consolidated since 1958, has 56 schools with enrollment approaching 32,000 students. The Muscogee County School District was recently rewarded for being selected onto the 2019 Exemplary Board during the Georgia School Boards Association (GSBA) Summer Conference and Delegate Assembly. In addition, during the conference, Board Chair Patricia Hugley-Green was designated as President-Elect. The GSBA Board Recognition Program is a three-tier progression process to attain the highest level in board governance with ranking levels of Quality, Distinguished and Exemplary.

A number of institutions of higher learning are located in the area as well: **Columbus State University** with an enrollment of 8,076 students and **Columbus Technical Institute** with enrollment of 4,769 students. Within commuting distance of Columbus are six other

institutions including **Auburn University**, **Troy State** and **LaGrange College**.

Film Industry

Film Georgia is enticing filmmakers from throughout the country, creating over \$9.5 billion annual revenue. As a community with a history of promoting local

artists, Columbus has put itself in a position to become the state's third film hub by hosting a film festival held annually, forming a \$5 million film fund, building a state-of-the-art studio, and growing a workforce trained and certified in film production. Recently, Columbus State University added a new Film Production Certificate program that will introduce skills used in on-set film production while utilizing film industry standard organizational structures, professional equipment and on-set procedures. In addition, the university has entered into an agreement with the W.C. Bradley Company to utilize an 180,000 square foot building to be used as a state-of-the-art movie and TV production studio complete with sound stages and offices.

A full-length dramatic film entitled *The Long Night* starring Bruce Willis is set to take place in Columbus, Georgia. "The Long Night" will be the first project financed by the Columbus Film Fund, a public-private partnership which uses private funds to incentivize film and TV productions to come to Columbus.

Will Oliver, a former student and current instructor at the Springer Theatre Academy is heading to the big screen in an upcoming film, *Electric Jesus*. The new age feature film is set to start production here in Columbus. The movie follows a Christian rock and roll band. One of those band members and main characters will be Will Oliver.

Attractions and Landmarks

In May 2013, a long-term vision was brought to fruition with the opening of a whitewater rapids

Columbus Profile

course on the Chattahoochee River - the longest urban whitewater venue in the world, boasting high level rapids and exciting runs. A local outfitter has established a well-organized guide and equipment system to provide maximum enjoyment for rafters and kayakers. In September, 2013, **USA Today** named the Columbus Whitewater adventure as one of the Top Man Made Adventures of the World.

In its first full year of operation, this whitewater rapids course has been burgeoning with activity by locals and visitors alike. The challenging "Cutbait" rapid has become synonymous with the area's high energy level and exciting pace - an annual music festival has even been established with "Cutbait" in its name. There is also an opportunity to take flight on the Blue Heron Adventure, which is a zip line that crosses the Chattahoochee River. With development and business investment on both sides of the Chattahoochee, it is anticipated that the whitewater attraction will continue to bring visitors to the Columbus area as well as provide meaningful recreation and entertainment to residents of the area.

Noteworthy historical sites exist within the county. The **National Infantry Museum and Soldier Center at Patriot Park** celebrated its Grand Opening June 19, 2009. It is located in Columbus, Georgia, just outside the gates of Fort Benning, the home of the Infantry and one of the Army's largest and most highly acclaimed U.S. Army installations. This world-class tribute to Infantrymen past, present and future is the first of its kind in the United States. Throughout the 190,000-square-foot museum, visitors take an interactive journey through every war fought by the U.S. over the past two centuries. The museum tells the heroic story of everyday Infantrymen through an enviable collection of more than 30,000 artifacts. Era galleries trace Infantry history from before the Revolutionary War to action today in Iraq and Afghanistan. There is a

special gallery recognizing Medal of Honor recipients and one that pays tribute to those who love an Infantryman, and the sacrifices they make supporting him. There is an IMAX Theatre, full-service restaurant and gift store. Patriot Park includes a parade field for Fort Benning Infantry School graduations, a memorial walk of honor and an authentically recreated World War II Company Street. In 2016, it received additional recognition with being named USA Today Readers' Choice Best Free Museum.

The **Springer Opera House**, built in 1871, is the State Theater of Georgia and offers adult and children's theater. After undergoing major renovations, the Springer is offering more variety shows than ever before. In 2013, the Springer opened the **Dorothy McClure Children's Theater** and dramatic learning company adjacent to the historic opera house site. **Port Columbus**, a national Civil War Naval Museum, hosts hundreds of visitors each year to its unique museum of Civil War relics and battleship reenactments. Visitors are encouraged to visit the **Columbus Museum** and the **Columbus Historical District**, which includes the Columbus **Ironworks**, built in 1853, and the **Liberty Theater**. **Westville**, a living museum which recreates life in the 1800's, recently relocated its unique attraction to Columbus from Lumpkin.

Columbus Profile

The **South Commons** Softball Complex & Stadium, which was built as a venue for the 1996 Summer Olympic Games, hosts a variety of local, regional, and national tournaments. In addition to providing a host site for family entertainment productions like “Disney on Ice,” the **Civic Center** houses the **Columbus Lions**, a team in the American Indoor Football League, the **Columbus River Dragons**, a professional ice hockey team and the **Columbus Rapids**, a professional soccer team. Recently, an **Ice Skating Rink** and the **Jonathan Hatcher Skateboard Park** were added to the campus of the Civic Center. It now encompasses **A.J. McClung Memorial Stadium** and the **Golden Park** baseball complex, which is the home of the **Columbus Chatt-A-Hoots**, a non-profit collegiate summer baseball team. The Civic Center was also recently recognized as a Silver Bicycle Friendly Business by the League of American Bicyclists.

The **Columbus Ironworks and Trade Center**, which sits overlooking the Chattahoochee River, hosts hundreds of cultural, business and social events each year. Golfing is available to the public at **Bull Creek Golf Course**, a 36-hole premier golf course that has been routinely rated among the best public courses in the country. In addition to providing exceptional golf facilities for the public, Bull Creek is host course to the CSU Cougars NCAA Golf Teams as well as several local

high school teams, all of which have outstanding records in their respective competitive divisions. Columbus also has a well-maintained nine-hole public golf course at **Oxbow Creek**, as well as a number of

private and semi-private golf courses around the city. In addition to golf, spring baseball and fall football are spectacular draws with regional college games and highly competitive high school football. Columbus has been home to many successful athletes in baseball, golf, football, and other sports, as well as to several Little League World Championship teams.

The **Coca-Cola Space Science Center** is a state-of-the-art science facility providing spectacular laser light venues and a simulator for operating the space shuttle. The **RiverCenter for the Performing Arts** provides culture, entertainment, and enjoyment for many and has hosted a number of internationally acclaimed performers and musical theater productions.

Economic Development

Economic and cultural development continues as an ongoing priority for the Columbus region. During 2016-2017, the following investments have been announced, are in progress, or have been completed:

- **CSU’s Frank D. Brown Hall Downtown Campus - \$27 million project (completed)**
- **Char-Broil New Global Headquarters Building - \$4.1 million project (completed)**
- **Heckler & Koch - \$28.5 million expansion project (completed)**
- **The Rapids at Riverfront Place - W.C. Bradley - \$52 million project (completed)**
- **Pratt & Whitney - \$386 million capital investment (in progress)**

Local growth is fostered by continued investment from corporations with both long standing and newly forged footholds in the area. Continued economic growth has come from investment by **AFLAC**, **Synovus**, **TSYS**, **WellPoint**, **Columbus Regional Healthcare**, **Columbus State University**, and **St. Francis Hospital**, to name just a few. Private business is normally the

Columbus Profile

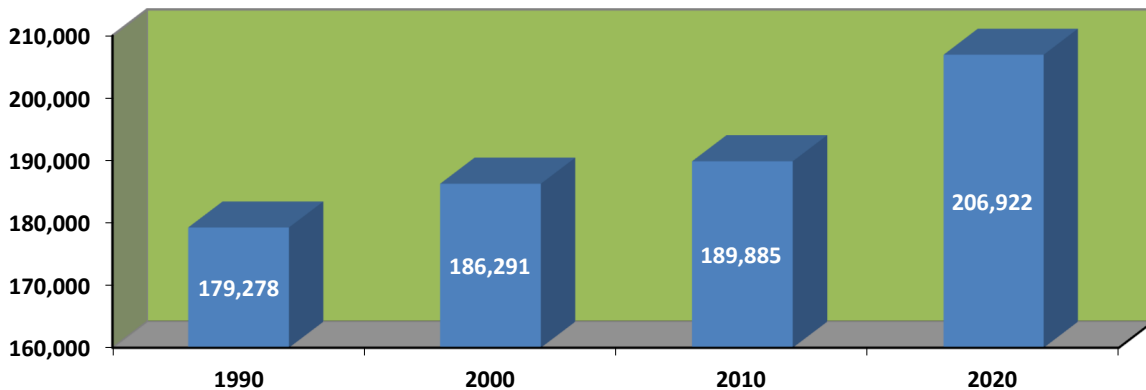

focus of economic development, the biggest economic impact on this region is the military. Fort Benning’s sprawling military post generates an economic impact of more than \$4.8 billion annually.

The jewel at the center of Columbus is undoubtedly the beautiful and vibrant **Chattahoochee River**. On both sides of the riverbank, there has been enormous investment to provide premier biking and walking trails and whitewater rafting facilities to Columbus residents and visitors. Collectively these facilities are referred to as simply, “the **Riverwalk**.” There are more than 34 miles of paved and brickwork pathways along each side of the river, as well as Fall Line Trace, and a 1.4 mile connector that was completed in summer of 2017. Within the past several years, corporate investment along the Chattahoochee has increased with the development of the **Synovus** Corporate building, the expansion of the **TSYS** campus, and the development of upscale residential loft housing in buildings that formerly housed textile mills. **Columbus State University** has become a premier development force in the Uptown area, with investment in student housing and services as well as its continued investment with programming that enriches its students and the community alike, such as the **Schwob School of Music** and the **Rankin Arts Center**.

To continue the City’s investment in the economic, recreational and cultural vitality of the region it serves, the Columbus Consolidated Government has recently opened two new facilities in the midtown area of Columbus: a competition quality **Aquatics Center** and the **City Services Center**, which houses a number of city and county services directly utilized by the public. Both facilities are state of the art and are architecturally and aesthetically compatible with the **Columbus Public Library** and the **Muscogee County School District** headquarters near which they are located. It is anticipated that the natatorium will be the host site for local, regional and national swimming and diving competitions as well as provide a swimming facility for the public to use for exercise, wellbeing, and recreation. The Citizens Services Center, located adjacent to the natatorium and near the MCSO buildings, houses the Tax Commissioner’s Office, the Citizen’s Information (311) Center, the Council Chambers, and the Revenue Division of the Finance Department. There are also several public-use rooms for community use.

Demographics

Columbus has seen steady population growth over the past twenty years. Since 1990, the population has steadily increased from 179,278 in 1990 to 206,922 in 2020, as shown in the chart below:

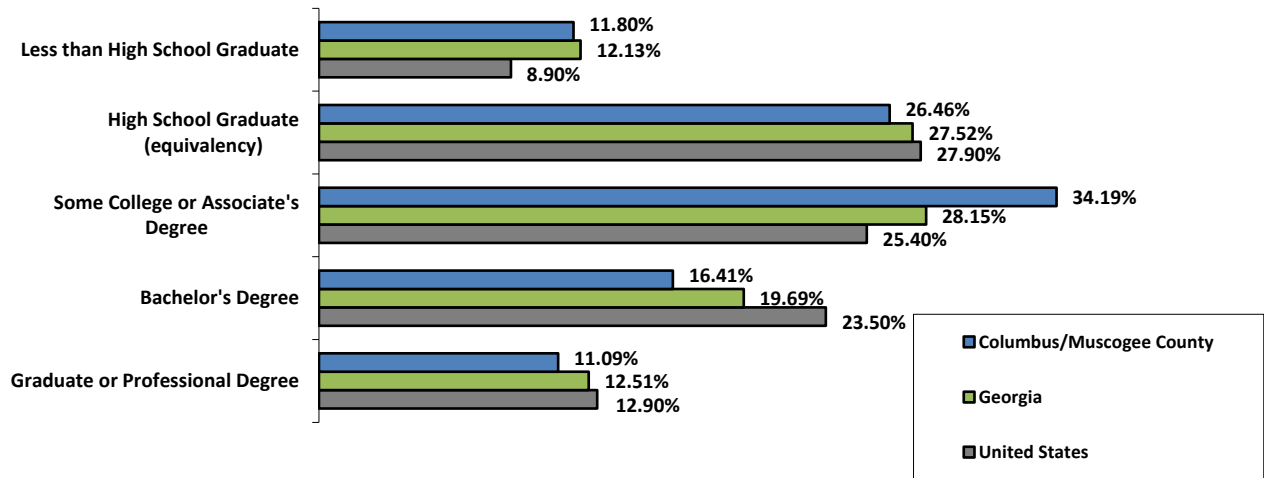

Sources: U.S. Census Bureau, 1990, 2000, 2010 and 2020 Census. Georgia Department of Community Affairs (July, 2020).

Columbus Profile

Education Levels

Muscogee County compares relatively on par with the state of Georgia as a whole and the United States as a whole when it comes to the education status of its residents. 27.4% of Muscogee County residents have completed high school as compared to 27.7% in Georgia and 28.8% in the US. Muscogee has considerably lower numbers of residents who have graduated with a Bachelor's degree from college than the US. The chart below depicts Muscogee County's education status relative to the other groups:

Source: U.S. Census Bureau, 2020 American Community Survey

Gender and Age

The population is trending toward more women relative to the number of men. Many young professionals begin their family life in Columbus. The average age in Columbus is a youthful 33.6 years of age. This number is approximately 4.1 years less than the U.S. average. This shows Columbus as a strong center for vitality and spirit within Georgia and the surrounding areas. No doubt the sustained investment in the quality of life in the Columbus region has served to attract and retain young families in the area.

Ethnicity

Columbus is comprised of primarily of three ethnicities African-American/Black (46.5%), Caucasian/White (42.5%) and Hispanic/Latin American (7.7%).

Wealth

Columbus' steady population growth protected us from the severe swings seen recently in the U.S. real estate market. Median values of Columbus homes have not seen the dramatic increases as seen in the rest of the country. Median home values are considerably lower in Muscogee County at \$142,900 when compared to Georgia at \$190,200 and the United States at \$229,800. Muscogee County median income increased 9.6% between 2015 and 2019. This is lower than the U.S. increase of 16.6% in the same period.

Economy

Columbus' regional economy has historically been rooted in manufacturing, but in recent years, there has been a slight shift in Columbus' economic picture. Columbus is home to AFLAC, Char-Broil, RC Cola, Total Systems (TSYS) and United Technology's Pratt & Whitney. In the past several years, international

Columbus Profile

corporations such as Kia and Hyundai, and the ancillary companies that provide products and support services to those companies, have made significant regional investment in the area.

TSYS has completed its state-of-the-art uptown campus along the Chattahoochee River, a monument to the progress and development of the uptown area. The community has seen expansions in service areas and downsizing in traditionally manufacturing areas. Whatever the reason, the area continues to rebound and keep surging forward. Efforts to recruit and retain companies are championed by the Economic Development division of the Greater Columbus Chamber of Commerce, the River Valley Partnership, and other planning and development entities. Commercial and retail trade, as well as professional services, has attracted customers throughout the region, making Columbus a destination hub for the surrounding counties. In 2014, Columbus was ranked 75th in the nation for *Livability.com*'s "**Top 100 Best Places to Live.**" Cited as reasons for Columbus' outstanding "livability" ranking were its size, the diversity of its population, the relative youth of its population, and its proximity to a major international airport (in Atlanta).

Columbus 2038

Columbus Consolidated Government is required to establish a synchronized planning program for the State of Georgia. The cornerstone of the coordinated planning program is the groundwork of a long-range comprehensive plan by each local government in Georgia. These strategies intend to highlight community goals and objectives. The Comprehensive Plan is to be used by Muscogee County as a tool to direct and guide development in a manner that insures the quality of life and service levels associated with the city are maintained at desired levels. This report will have a number of central components including:

- Identifying Issues and Opportunities;
- Identifying Existing Development Patterns
- Evaluation of Community Policies and Actions;
- Evaluation of Transportation Needs;
- Future Demographics;
- Infrastructure Needs; and
- Many Other Important Concerns

IMPACTS TO BUDGET

Impacts on the FY23 Budget:

Fund Balance Reserves:

During this budget cycle, substantial attention was given to moving into the next stages of pandemic recovery. Economic burdens from an anticipation of diminishing revenues along with the rising costs of efficiently providing city services had little to no negative impact on the city's reserves balance as anticipated, particularly in the General and Other LOST funds. While Operating Budgets are just that – estimates – and no assurances can be made regarding the number of days cash on hand that the City will have as the result of implementing this Budget. It is important to advance the City's efforts and continue to reduce reliance on fund balance. While some sources of revenue have yet to fully recover from the impacts of the pandemic, we are experiencing consistent gains in others. Sales Tax remain consistent while hotel-motel and occupancy rates are nearing pre-pandemic levels. Therefore, City Council, the Mayor and others involved in the budgetary process were conscious of the issues surrounding General Fund reserve days and the changes in fund balance that the City has seen over time while deliberating and ultimately adopting this operating budget. The Budget reflects those efforts to preserve fund balance by reducing reliance on reserves to meet expenditures and obligations since reserves are established when revenues exceed expenditures.

In preparing the FY23 Budget, the City resolved itself to making systemic economic changes in order to minimize its dependency on using fund balance. The City had, in prior years, already taken some measures to reduce systemic operating deficits by reforming its Employee Pension Plan, establishing employee healthcare and wellness initiatives including its Health and Wellness Center (a primary care physician practice for use exclusively by City employees and their families), and revising its Workers Compensation Administration oversight and management structure.

Expenditure Reductions:

After determining the global and systemic changes that could be introduced to curb expenditures, most departments were then asked to operate at the same level of funding as their FY22 adopted budgets. Some departments were able to meet their funding expectations by not filling vacant positions, leaving those positions “unfunded” for some or all of FY23. Other departments will have to continuously monitor their operational expenditure targets in order to remain at FY22 levels.

The FY23 Budget includes consideration for staffing and maintaining facilities, such as the Columbus Aquatic Center and service enhancements for the Metra Transportation System. Other significant maintenance considerations are given to the many public services and quality of life services that the City provides to its citizens and visitors. The Aquatics Center, the community pool centers, ball fields, the Riverwalk and golf courses, for example, are public amenities that enrich the lives of our citizens, but they can be expensive to maintain. Revenue growth is expected from some of these amenities, but that growth will in no way cover their cost of operations.

Revenue Considerations:

Expenditure controls are only a part of the response necessary for the City to operate within its means. In the wake of strong positives on the economic development side, Columbus has seen steady growth in revenues. Although revenue growth is promising for the City, there are current factors that are taken into consideration when faced with the economic reality that there are

IMPACTS TO BUDGET

changes in the economy that plays an iatrical role with the continued growth of revenue funding sources: (1) the sustained economic impacts stemming from the COVID Pandemic, which began in 2020; (2) a property tax freeze that places a ceiling on the property tax revenues that can be levied; (3) inflation; and (4) lower than anticipated growth of military and civilian personnel as a result of BRAC decisions.

Early Budget Cycle:

The preparation of the FY23 budget began a couple months prior to the official budget season to allow staff sufficient time to draft a balanced and comprehensive budget without the use of General Fund reserves. This change in the normal process of developing the budget allowed more time to evaluate and deliberate the proposed budget before it was adopted. This also meant projections, particularly for revenues, were based more on estimates than actual mid-year data than in prior years. Although the aforementioned estimates were a factor, the fiscal responsibility of staff during FY22 allowed for many departmental requests to be granted before the adoption of the FY23 budget. As such, when several departments requested additional funding for FY23, Council responded to the majority of the requests immediately, rather than deferring them until mid-year FY23, when actual revenues could be better gauged.

Add/Deletes:

Every year, there are typically items that Council decides to either add to the Mayor’s recommended budget or delete from the Mayor’s recommended budget. These are recorded on the City’s “Add/Delete List” during the budget review process and are voted on, item by item, before the final budget is adopted. All items which have been added will be included as part of the Adopted Budget while all items which have been deleted will not.

For FY2023, the following items were added or deleted by Council thereby adjusting the Mayor’s Recommended Budget:

Department	Amount Added or Deleted	Fund	Purpose
District Attorney	\$53,826	General Fund	Increase DA discretionary supplement funds by additional \$50k for total of \$100k.
Interfund Transfer	\$53,826	OLOST	Increase DA discretionary supplement funds by additional \$50k for total of \$100k. Transfer in Revenue.

Key Budget Initiatives for FY2023:

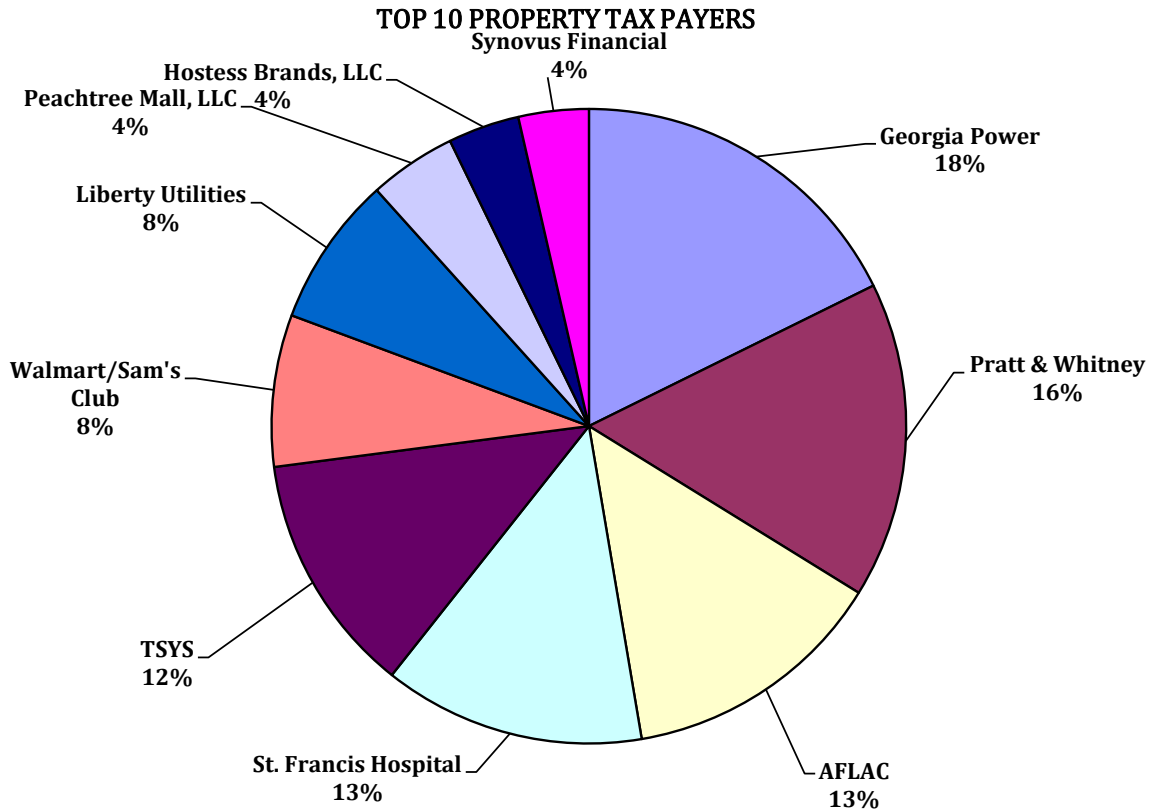

- Reduced subsidy/support for certain component units and affiliate units.
- Continued financial restructuring of certain economic development obligations to increase available funding for new projects.
- Continued hiring freeze which began in FY2014.
- Unfunded vacant positions through FY2023.
- Managed care contract for jail and prison inmate medical care.
- Maintaining prior year funding levels for most departments through continued monitoring of operational budgets.

IMPACTS TO BUDGET

Summary:

As a result of steady economic growth pertaining to revenues and modest expenditures, CCG can focus on addressing some much needed improvements while maintaining its fiscal responsibility to the citizens. CCG will maintain its task of providing the superior level of services that its citizens expect and deserve. As such, the Operating Budget for FY23 has increase overall from \$296,552,993 in FY22 to **\$314,533,253** for FY23 - a change of approximately 6.06%. Most departments were asked to maintain the funding levels for their FY23 operating expenditures to their FY22 Adopted Budget levels, in order to continue their normal course of business. They were able to successfully accomplish this task by leaving vacant positions unfilled and unfunded and by continuing to operate under lean conditions, the same as in prior years. In addition to a tight operating budget, and a projected increase in revenue, the Capital Plan will be able to fulfill some of its much needed obligations. Some of which will occur at the first of the calendar year, when other resources are be identified from revenues or other sources to pay for them. Even with the relatively austere operating budget adopted, the City expects to still utilize approximately **\$15,088,558 of its fund balance** in order to balance its FY23 total operating budget due to the ability to address some much need improvements within the City of Columbus.

DOCUMENT NOTES

The Columbus Consolidated Government budget document provides comprehensive information about the government's policies, goals, financial structure and operations. This document also contains information on major initiatives, demographics of the city and capital budget.

Introduction/Overview Section: This section contains the transmittal letters from the Mayor and City Manager, organizational chart, overview and general information on Columbus. This section also contains a description of the economic conditions and other factors which provide the framework for our annual operating budget plan.

Section A: Budgetary Policy. This section includes the policies and procedures that govern the budget process. There is also a summary of the budget process and calendar.

Section B: Financial Summaries. This section provides a graphic and financial overview of each adopted operating fund along with highlights on significant revenues and expenditures. Also in this section is the Capital Improvements Program summary, a summarized historical trend analysis, and a financial projection analysis.

Section C: Personnel. In this section we describe the benefit package and present a history of authorized positions combined for all funds.

Section D: Operating Fund Summaries. This section provides descriptions of each department, its operating budget, its performance indicators, and its personnel. This section is arranged by major operating fund and then by department budget allocation within each operating fund.

The Appendix section includes a variety of data, which should be useful to the reader in better understanding the budget. Also, in this section is a **Glossary** for those not familiar with governmental terms, a list of **Acronyms** we have used, and the **Capital Outlay** listing. *Please note:* The **Capital Improvement Program** has been moved to a separate document, providing detailed information on the various projects. This separate document can be found at the end of this book on the digital version.

This Budget Book includes the Operating Funds of Columbus Consolidated Government. The Capital Improvement Program can be found in a separate document, which is appended to the end of this document on the web version. Some departments have budget allocations in more than one fund. This is important to bear in mind when evaluating the budgets of an individual department, which may have multiple funding sources. For example, several Public Safety departments have funds in the General Fund and in the Other LOST Fund, so both fund allocations would need to be considered for the totality of that department's individual budget allocation.

The Operating Budget book and the Capital Improvements Program Budget book have been formatted such that they are available in traditional bound paper versions as well as in digital format on the website. The digital versions have been embedded with hyperlinks to facilitate ease of navigation throughout the documents. To engage a hyperlink, simply single left-click on any text that is found with a bold underline (see example below) and the document will navigate directly to that content. Example of Hyperlink: To go directly to the Big Picture Section, click on the bold, underlined text.

DOCUMENT NOTES

A dedicated effort is made to inform our taxpayers and stakeholders, our community, and the general public about the government that serves them. The budget is formally presented to City Council at budget meetings which are publicly televised through the city's government access channel and through live streaming on the internet through the City's website. Many of the issues addressed in the budget process are discussed with Council on air. For those who cannot view the live sessions, all sessions are recorded and are available 24/7 on the Columbus city website, and the complete budget document is placed in digital form on the city's website as well (see hyperlinks and website navigation below). A printed copy of this budget document is placed on file with the Clerk of Council in accordance with the City Charter.

Comments or questions about the budget may be mailed to the Finance Director's Office at P.O. Box 1340 Columbus, GA 31902 The Financial Planning Division may be contacted at (706) 225-4087.

A

POLICIES AND PROCEDURES

The Annual Budget is a fiscal plan, which presents the services to be provided to the community and the funds necessary to perform these services. Key steps in this process are described within.

Budget Preparation

The Columbus Consolidated Government (CCG) operates under a fiscal year that begins July 1 and ends June 30. The major steps in the process are outlined below:

Budget Adoption

- Step 1: Beginning in November, Financial Planning prepares the budget database and reports showing prior years' actual expenditures and revenues and compares those to their budgeted targets. Any anomalies are reviewed and adjusted for the upcoming budget year. Upcoming and long-range challenges and opportunities are evaluated. Operating trends, as well as, economic indicators are taken into consideration when preparing estimates for budgeted revenues and expenditures. Expected changes in pay plan, benefits, gas, water, electricity, motor fuel, capital items, etc., are also considered. This database is used as the financial framework for budget preparation.
- Step 2: Beginning in January, departments are asked to evaluate and update their goals and objectives, and their relevant performance indicators, for the coming fiscal year. Any major changes in operations are considered and shared with Financial Planning to ensure that the new budget reflects those operational changes as appropriate.
- Step 3: Between January and March, Financial Planning prepares a draft of the Operating Budget for the Mayor's consideration. During this time, the Mayor and City Manager review departmental operations and consider any new budget requests in order to propose a recommended balanced budget. Financial Planning prepares the final Recommended Budget plan for the Mayor's approval and presentation to Council.
- Step 4: No fewer than sixty (60) days prior to the fiscal year commencing July 1, the Mayor submits to Council a proposed operating budget for all operating funds. The Operating Budget includes recommended expenditures and the means of financing them.
- Step 5: A series of workshops and public hearings are held before making final changes to the Mayor's recommended budget.
- Step 6: The Annual Budget is formally adopted by Council before July 1.

Expenditure Control

Once the Annual Budget has been adopted, expenditure control is maintained on the appropriation unit basis (group of accounts) with capital expenditures maintained under full control. Throughout the year, all expenditures and revenues are monitored.

Budget Control

Georgia Law, O.C.G.A. 36-81-3 establishes the legal level of budgetary control as the department. Within the overall budget limitations, authority is delegated to the City Manager. *When acting on the authority delegated by the City Manager to the Finance Director, it is recommended that intra-departmental transfers of appropriation and revenue anticipation may be approved as deemed necessary.* Under no circumstances, however, may the total budget of any department be increased or decreased without Council approval.

POLICIES AND PROCEDURES

Budget Amendments

Amendments affecting the bottom line of any department are approved solely by Council. Section 7- 404 of the City Charter describes the authority:

“The Council may make appropriations [revenue and expense] in addition to those contained in the current operating or capital budgets at any regular or special meeting called for such purposes.”

Policy Guidelines

The overall goal of the City’s Financial Plan is to establish and maintain effective management of the City’s financial resources. The informal statements of budgetary policies provide the basis for achieving this goal.

The following section outlines the policies used to guide the preparation and management of the City’s budget. The section consists of operating budget policies, capital expenditures, policies, revenue policies and financial accounting policies.

The development and preparation of the City’s budget are guided by the following policies.

- All funds are required to balance. Anticipated revenue must equal the sum of budgeted expenditures. To the extent possible, all funds should be included in the budget process along with work programs, objectives and strategies.
- The Capital Improvement Program requires coordination and planning in conjunction with the various operating fund budgets.
- The General Fund is based on a long-range financial plan, which includes unallocated fund reserves. The goal is to keep the reserve at approximately 90 days, but no less than 60 days, of budgeted expenditures. This reserve protects the City against catastrophic revenue losses and major emergency expenditures and provides cash flow.

Revenue Policies

The City will maintain effective collections systems and implement aggressive enforcement strategies in order to maximize revenues from available sources.

The City will maintain a broad revenue base; that is, a large number of widely diversified revenue sources that will be established and maintained in order to distribute the revenue burden equitably and protect the City from short-term fluctuations in any one revenue source.

The City will implement user fees in all areas where feasible and productive as well as seek to set fees at levels related to the costs of providing the services. Moreover, user fees will be reviewed annually as part of the budget process and will be adjusted to maintain or move incrementally closer to full coverage of activities.

The projection of revenues will receive conservative treatment in order that actual revenues at the fund level will consistently equal or exceed budgeted revenues.

Financial Structure

The financial transactions of the City are budgeted and recorded in individual funds. A fund is an independent financial and accounting entity. It is a set of interrelated accounts used to record revenues and expenditures associated with a specific purpose. Funds have a balancing set of accounts and records, cash and other financial resources in conjunction with all related liabilities and residual equities, which are segregated for the purpose of carrying on specific activities or

POLICIES AND PROCEDURES

attaining certain objectives in accordance with special regulations or restrictions. Although funds are independent entities within the financial records of a government, there is no requirement to physically segregate the assets. Funds are classified into three basic types: governmental, proprietary or fiduciary.

Government Funds

Governmental funds are used to account for all or most of the government's general activities, including the collection and disbursement of earmarked monies, the acquisition or construction of general fixed assets and the servicing of general long-term debt.

The City utilizes the following types of governmental funds:

- The General Fund is the principal fund of the Consolidated Government and is used to account for all major activities of the government such as Police, Fire and Recreation.
- Special Revenue Funds are used to account for the proceeds of specific revenue sources legally restricted to expenditures of specific purposes. The Stormwater (Sewer), Paving and Medical Center Funds are examples of special revenue funds.
- Debt Service Funds account for the accumulation of resources for the payment of general long-term liability, principal, interest and related costs. The City's Debt Service Fund includes requirements to meet the general obligation bond issues, lease contracts, and lease purchase programs.
- Capital Project Funds are used to account for financial resources for the acquisition, renovation or construction of major capital facilities and improvements.

Proprietary Funds

Proprietary Funds are used to account for activities similar to those found in the private sector. The proprietary funds utilized by the City are as follows:

- Enterprise funds account for activities that are usually self-sustaining, principally through user charges for services rendered. An example of an enterprise fund is the Transportation System Fund.
- Internal Service Funds account for the financing of goods and services provided by one department or agency to other departments or agencies for the government on a cost reimbursement basis. The Risk Management and Employee Health Insurance funds have been added to the Operating Budget.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore cannot be used to support the government's own operations. When these assets are held under the terms of a formal trust agreement either a pension trust fund or a private purpose trust fund is used. Agency funds generally are used to account for assets that the government holds on behalf of others as their agent. Traditionally these funds have not been included in the Operating Budget because the receipt of revenue is uncertain.

PRIMER ON CITY FUNDS

Columbus' funds are organized according to fund origin and utilization of funds. Several departments receive funding sources in more than one fund, so it is important to consider all funding sources when evaluating the operating budget of a particular individual department. Here is a brief description of each fund included in this Operating Budget:

POLICIES AND PROCEDURES

OPERATING FUNDS (Fund Number)

General Fund (0101) The General Fund supports the operations of the City. All departments of the General Government and Public Safety are supported by the General Fund, as are most ancillary operations and units. The General Fund receives funding from a number of sources including the millage, other taxes, fees, service charges, fines, and inter-fund transfers.

LOST Funds (0102,0109) There are two Local Option Sales Tax (LOST) funds: one is to support Public Safety (Crime Prevention, Police/E-911, Fire/EMS, Muscogee County Prison, Sheriff, Municipal Court/Marshal, District Attorney, Homeland Security, State Court Solicitor, Recorder's Court, Coroner, and METRA); the other is for Infrastructure (Public Works, Parks and Recreation, Engineering, and Information Technology).

Stormwater (0202) Stormwater funds support the stormwater and drainage systems of the City and provide funding for the maintenance of sewers and drainage systems maintained by Engineering and Public Works. The fund was named "Stormwater" to differentiate City stormwater and drainage services from those provided by Columbus Water Works, which provides primary sewage services for the City. Stormwater funding comes largely from the millage.

Paving Fund (0203) Paving funds are used for highways, roads and streets, right-of-way maintenance, repairs, landscaping, and related services. Paving funds come from the millage and related fees.

Indigent Care Fund (0204) The Columbus Consolidated Government will provide funding for indigent Muscogee County residents and inmates with revenue produced by an annual appropriation of property tax millage which is intended to cover such services provided after approved of said services by the Consolidated Government.

Integrated Waste (0207) The Integrated Waste Management fund supports Public Works and Parks and Recreation Services to collect, transport and recycle or dispose of solid waste. This fund also supports several landfills owned by the City and the Recycling Sustainability Center. Integrated waste funds come from solid waste collection fees, landfill fees and recycling fees.

Emergency/E-911(0209) The Emergency Telephone/E-911 fund supports maintenance of the City's central emergency call and dispatch system (E-911) and is funded through wireless surcharges and other fees.

CDBG (0210) The Community Development Block Grant (CDBG) fund is a repository for grants from the Department of Housing and Urban Development (HUD) which funds certain housing and community development programs for the City.

WIOA (0220) The Workforce Innovation & Opportunity Act fund is a repository for grants from the Department of Economic Development which funds certain community jobs training and development under the Job Training Partnership Act.

Econ Development (0230) The Economic Development fund supports investment by the City in

POLICIES AND PROCEDURES

Economic Development Authority projects. It is directly funded by a portion of the millage and is utilized at the discretion of City Council.

Debt Service Fund (0405) The Debt Service fund is the repository for funds utilized to repay bonded and other debt obligations of the City, including the bonds issued by the Columbus Building Authority.

Transport/METRA (0751) The Transportation fund supports the operation of the City's public transportation system, METRA, which includes buses and specialty vehicles. It is funded by transportation grants, service fees and the millage.

Trade Center Fund (0753) The Columbus IronWorks Convention and Trade Center is owned and operated by the City. This fund supports all operations of the Trade Center and is funded by Trade Center revenues as well as Selective Sales and Use Taxes.

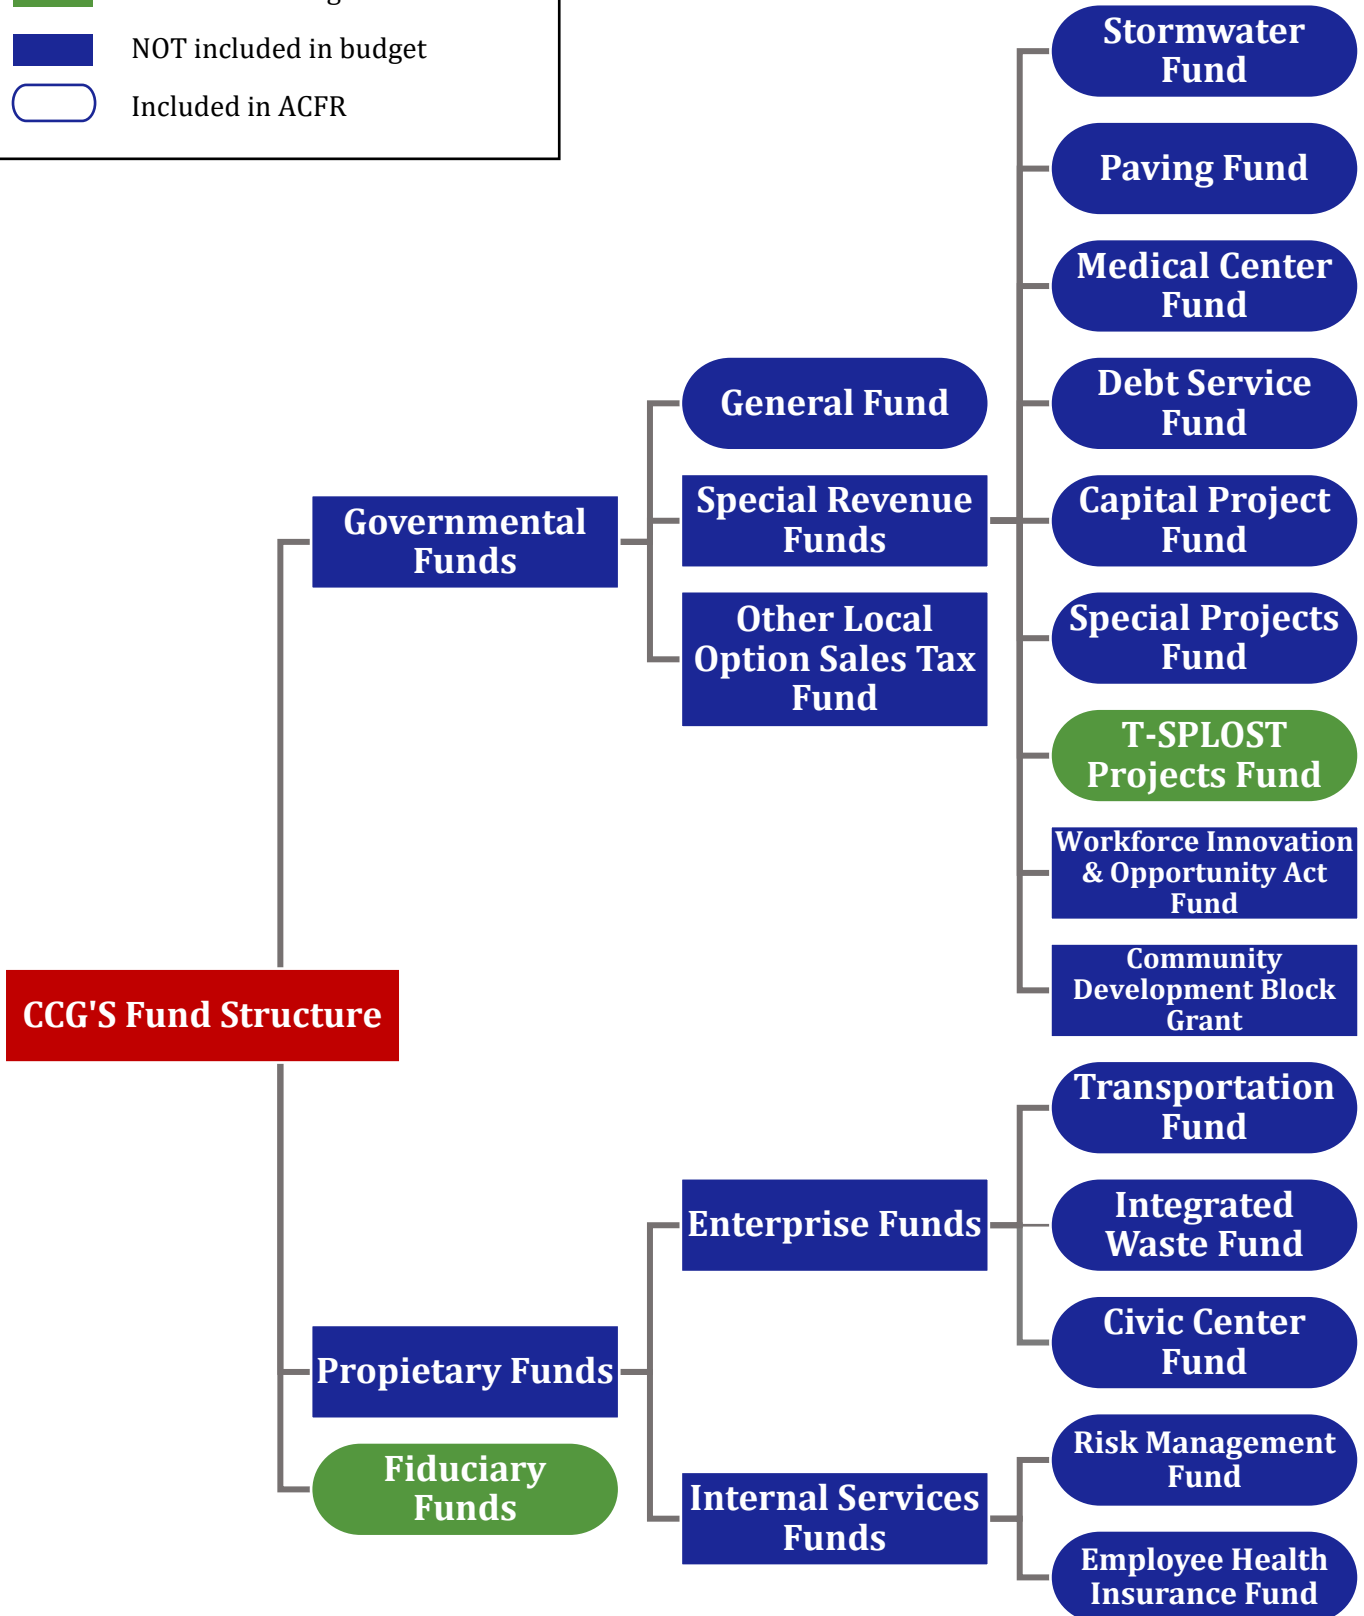

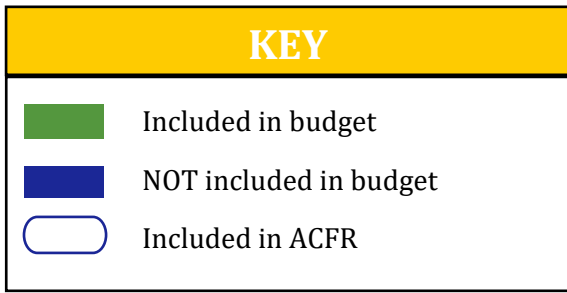

Bull Creek/Oxbow (0755/6) The operations of both City-owned public golf courses are supported by these two funds. Golf course revenues provide the primary source of funding.

Civic Center (0757) The Civic Center is owned and operated by the City and this fund supports those operations. Funding comes from event revenues, service fees, and the Hotel/Motel Tax.

Employee Health (0850) This fund is a repository for the City's self-funded employee health care program and the employee life insurance program.

Risk Management (0860) This fund is a repository for the City's self-insured Workers Compensation program and vehicle claims management program.

Accounting Basis

In June 1999, GASB released a new rule known as Statement 34. Often referred to as the “reporting model rule,” Statement 34 radically changes the rules by which governmental financial statements are to be organized and presented to readers. The operational accountability is addressed in the government-wide financial statements, which are prepared on a full accrual basis. Information about the cost of delivering services to the citizens and the government’s infrastructure assets are included as well. The fiscal accountability is considered through the individual fund financial statements, which account for current financial resources of government through the modified accrual basis for governmental activities.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied, if they are collected within 60 days after year end. Grants and similar items are recognized as revenue as soon as eligibility requirements imposed by the provider have been met.

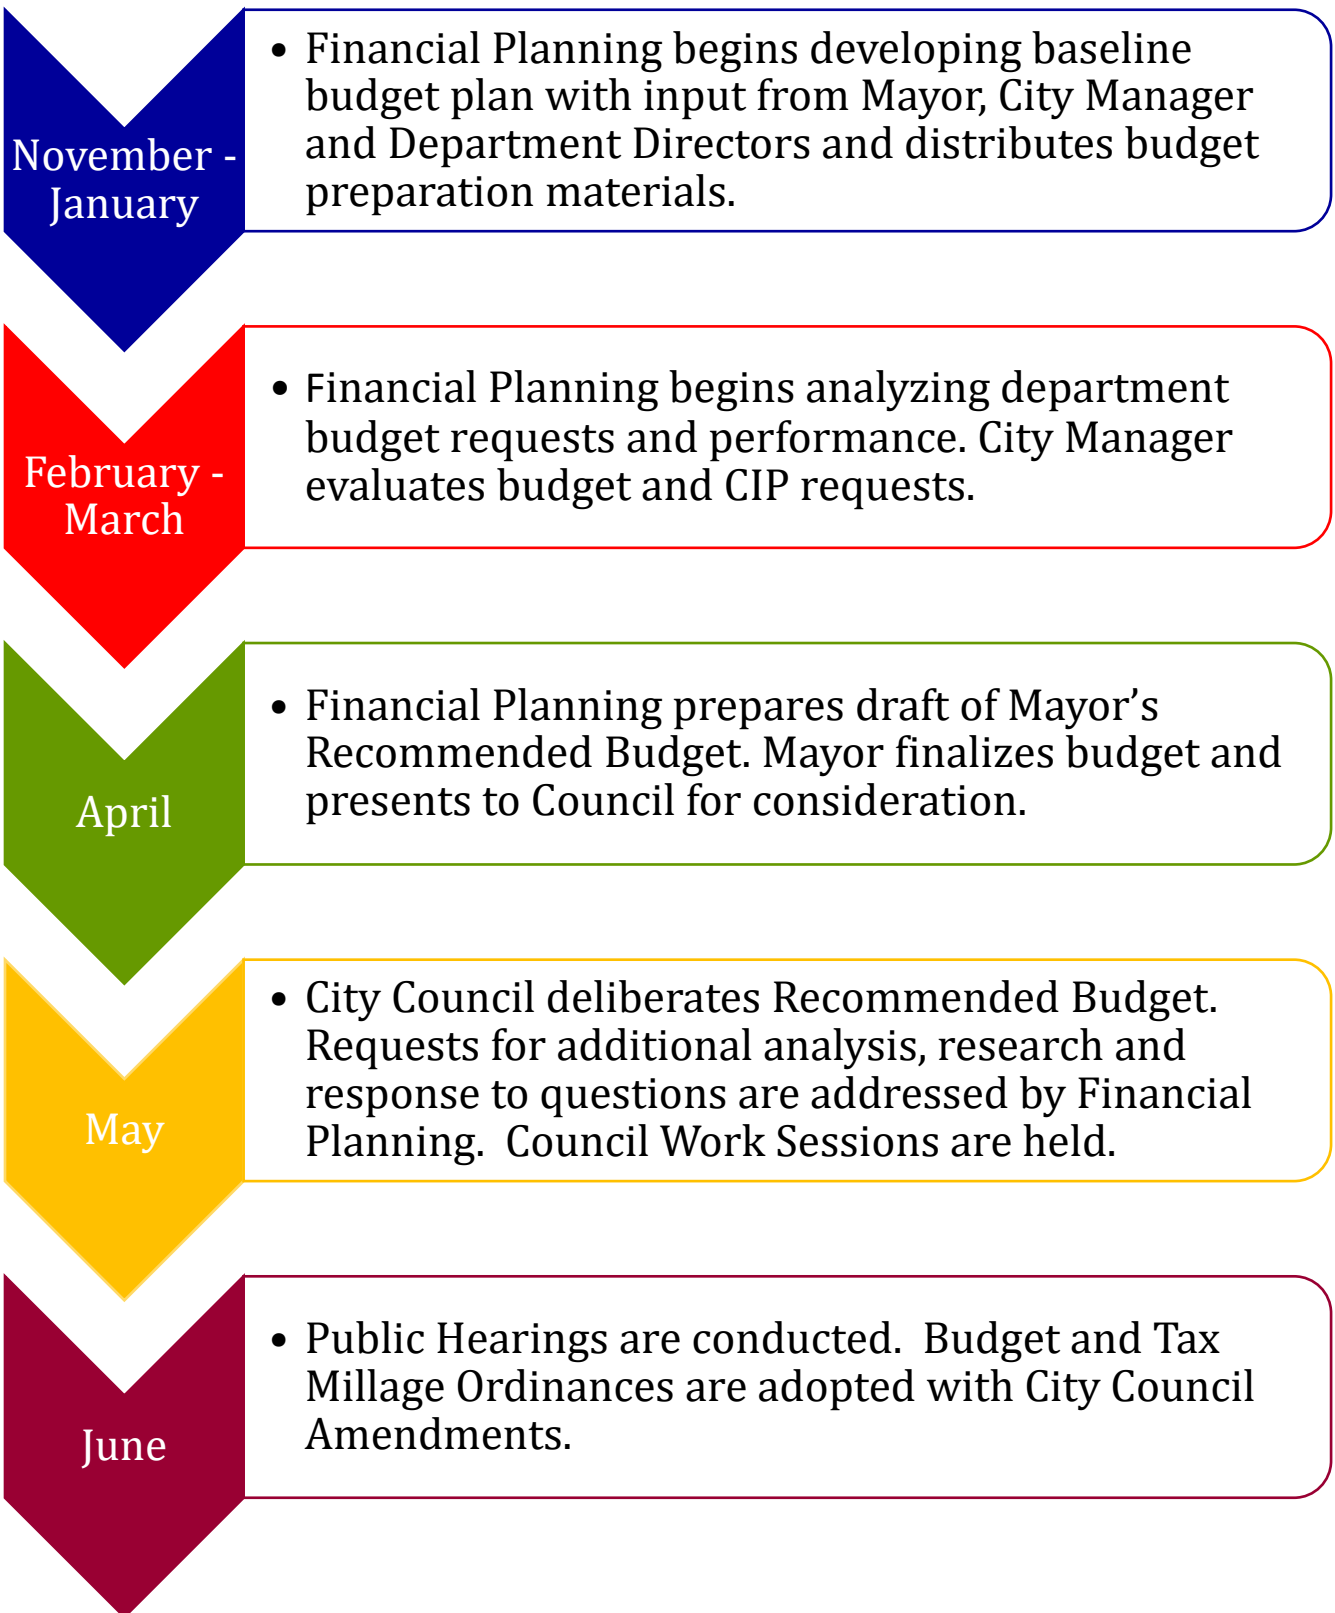

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Budgetary Basis

All budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). The General, Special Revenue, Debt Service and Capital Projects funds are developed on a modified accrual basis. The Enterprise Funds are developed on the accrual basis. All annual appropriations lapse at the fiscal year end. The basis for budgeting is consistent with the basis for accounting with the difference being encumbrances. The notable exception between the budgetary and accounting basis is the manner in which encumbrances are treated. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting - under which purchase orders, contracts and other commitments for expenditures of resources are recorded to reserve that portion of the applicable appropriation - is utilized in governmental funds. Encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures because the commitments will be honored through subsequent year’s budget appropriations. The other exceptions worth noting deal with capital outlay within the enterprise funds which are recorded as assets on a GAAP basis and expended on a budget basis; depreciation expense is recorded on a GAAP basis only.

FINANCIAL SUMMARY / OPERATING FUNDS

The Big Picture

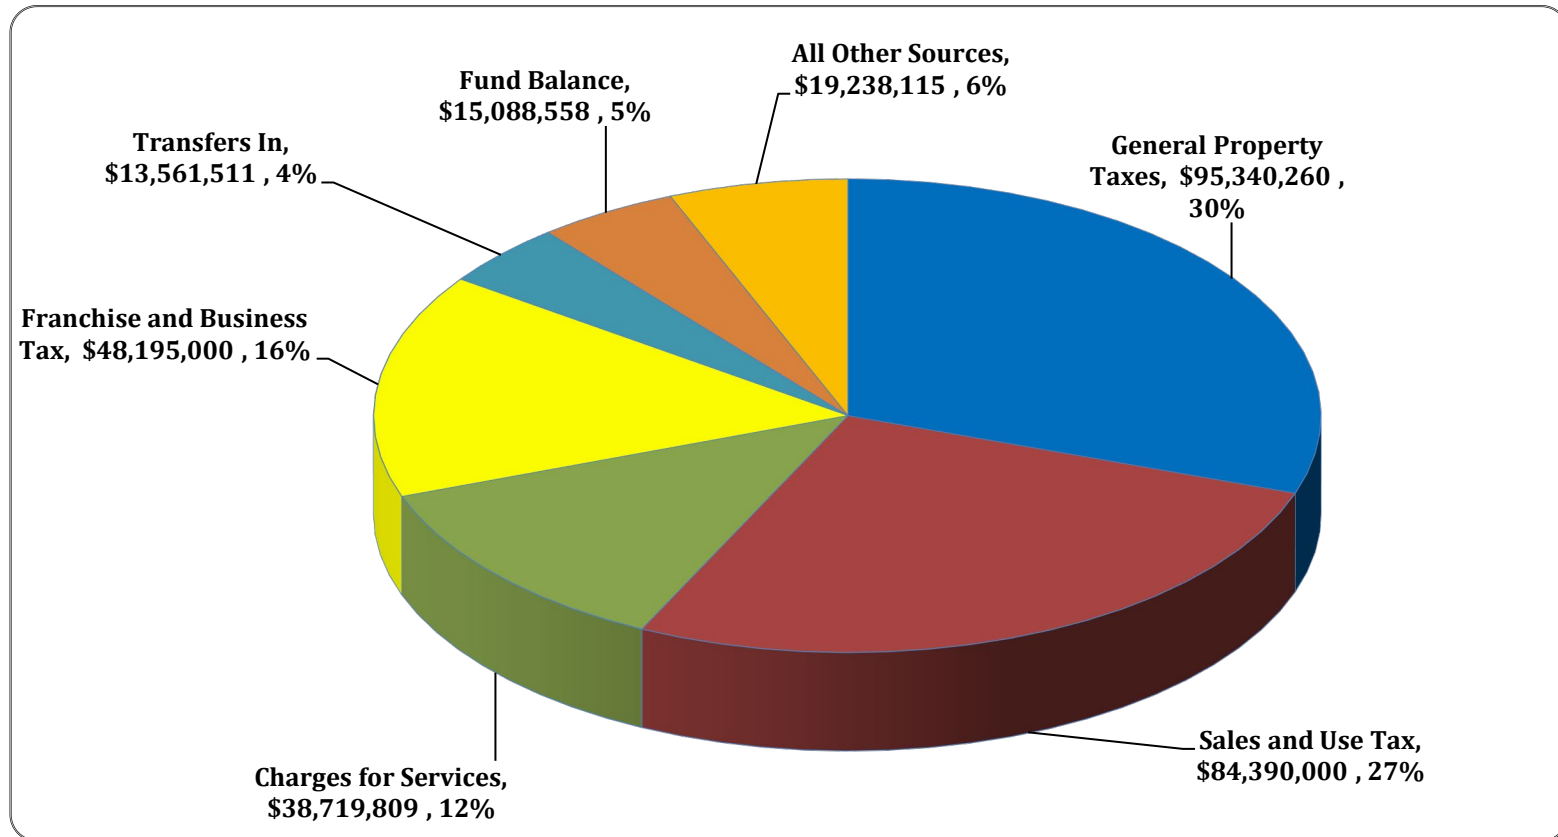

Columbus Consolidated Government operations and services are funded principally through the General Fund, through which the City's primary revenues and expenditures flow. All major departments of the City have apportionments in the General Fund. These are described in detail in Section D. Proceeds from Other Local Option Sales Tax ("OLOST") reside in the LOST Fund. 70% of this fund supports Public Safety while the remainder supports General Government operations and infrastructure. Other operating funds included in this Budget are as follows: Stormwater (Sewer), Paving, and Integrated Waste, which support infrastructure; E-911 (Public Safety); Medical Center (indigent and prisoner healthcare); Economic Development; Transportation (METRA) and Parking Management; Trade Center; Bull Creek and Oxbow Creek Golf Courses; and the Civic Center. Dollar amounts of each fund as projected for FY2023 are shown below:

CIP Projects Costs by Type \$368,269,597

FY23 CIP Projects Overview*		
Project	FY23 Cost	Impact on Operating Budget
Management	\$184,545,396	Slightly positive, with Technology investments expected to improve efficiencies in judicial, administrative, human resources, and financial management areas.
Parks, Recreation, & Leisure	\$17,448,269	Neutral to Slightly Positive with investment of a new Pickleball Court near the newly renovated tennis courts at Cooper Creek Park.
Public Safety/ Criminal Justice	\$3,156,339	Neutral to Slightly Positive with investments in facilities that house inmates.
Drainage	\$16,757,515	Neutral to Positive - anticipated investment in sewer line and storm water drainage infrastructure reduces reliance on current year operational funds for maintenance, repair, and restructure as well as reduced exposure to risk from liability to property damage or injury.
Transportation	\$23,801,913	Neutral to Positive - anticipated investment in transportation infrastructure, most notably roads, bridges, and corridors, will reduce reliance on the current year operating budget for costs of maintenance and repair.
TSPLOST	\$43,387,361	Neutral- while the dollar investment in TSPLOST projects is substantial, all of the funding for these specified projects occurs outside of the operating budget in a special funding source (the TSPLOST tax) and therefore provides no impact to the operating budget.
Environmental	\$690,766	Nominal to Slight - There is minimal investment in these projects aside from a small investment in the necessary operating of landfill sites. Minimal benefit comes from the reduced risk of liability due to non-compliance with state and federal mandates regarding landfills.
American Rescue Plan Act	\$78,482,038	Slightly positive, an opportunity to make tactical investments in valuable assets, restructure reserves to improve financial solidity, and cover provisional operating deficits.
TOTAL	\$368,269,597	Overall, the CIP projects will have a minimal impact on the City's FY22 Operating Budget based on timing of project completion and the fact that contributions from the current year operating budget are relatively low. Long-term expectations are that with the offsetting positive improvements, the majority of negative impacts will be slight. The CIP total is 6.8% lower than the amount allocated in FY20 which is primarily due to prior year allocations being utilized for TSPLOST projects, SPLOST, and Bond funds.

Capital Improvement Projects (Continued)

Further information on Capital Improvement Projects is located in the Financial Summaries of the Operating Budget and the *FY23 Capital Improvement Program Budget Book*. The impact is discussed for each individual project in the accompanying CIP book; however, we have tried to give an overview of the budget impact for the categories and total budgets. Depreciation expense is not included in this analysis, but needs such as staffing, daily operating costs and maintenance are considered.

Trend Analysis

An important element of the budgetary process is the historical perspective of past operating fund budgets and the changes in revenues and expenditures in those funds over time. The following table shows the adopted budgets for Revenues and Expenditures in the Operating Funds for the past four fiscal years and the budgeted year. As shown below, the FY2023 Operating Budget experienced an increase as compared to the prior year. Dependent upon steady growth we have also forecasted for the next five fiscal years.

FINANCIAL SUMMARY / OPERATING FUNDS

Projections

Short and long term forecasts are an integral part of the City's budgeting process. The Financial Planning Staff prepares both short (1-3 year) and long (5 year) term projections each year as part of the budgeting cycle process. The short and long term forecasts which the Financial Planning staff prepares, and then continually refines, provide the basis for the Operating Funds Budgets included in this Budget Book.

The foundation for projected revenues is based on an analysis of several factors including: historical trends in revenues collected for the current and prior years; changes in statutory or regulatory rules which may impact revenues, such as the changes the State of Georgia has made to the Title Ad Valorem Sales Tax; and changes in the City's population which may be anticipated from demographic or environmental changes, such as those which have occurred from time to time at Ft. Benning, which is a major employer of both military and civilian citizens, or with new investment in our area by companies like Kia, which has major manufacturing facilities in nearby West Point. Financial Planning closely monitors the accuracy of its revenue forecasts throughout the fiscal year and may make recommendations for adjustments to the Operating Budget should actual revenues prove to be materially different from those forecasted.

Our forecasts also provide the basis for our expenditures and capital investment plans which are included in the Operating Budget. Expenditure forecasts are based largely on both historical actual expenditures and the financial resource constraints for the City at large. Capital expenditures are forecasted based on the specific needs of each division, again within the financial resource constraints that exist within the framework of the City as a whole. Our budget book, and therefore this analysis, includes the City's operating funds and 4 additional funds: CDBG, WIOA, Risk Management and Employee Insurance Funds. The Budget Book differs from the Annual Comprehensive Financial Report ("ACFR"), which includes all funds.

Midyear Adjustments

The Operating Budget is a point-in-time reflection of what is actually a fluid, continually adaptive process throughout the fiscal year. This Budget Book contains the *Adopted* Budget, which has been adopted by the Council as its Adopted Budget. Because it is prepared well in advance of the completion of the prior year's financial audits, and because there are often circumstances which cause need for making mid-year adjustments to the original plan, the Finance Director may recommend changes to the Operating Budget at a mid-year point. These are an ordinary part of the municipal budgeting process and reflect the City's capacity to monitor its resources relative to its budget and to make adjustments where prudent.

Use of Fund Balance

During the past several fiscal cycles, the City has given considerable attention and effort to curbing its reliance on the use of fund balance in the General Fund to meet its obligations. Due to fiscal responsibility as well as a collaborative effort amongst the City and its staff, the fund balance has steadily increased over the years. There was a tremendous growth in revenues, for reasons both macro- and micro-economical, in FY22. For the FY23 budget, the City experienced across the board savings from employee benefit plan reforms adopted in prior budget years. The savings allow the City to reduce its need for fund balance in its Operating Funds. Being as such, the city made the decision to allocate some of these funds for some much-needed one-time improvements, in which caused an increase in its use of fund balance this fiscal year.

The increase to the use of fund balance is due to the inclusion of \$10 million in a comprehensive pay study and \$4.7 million in one-time expenditures to include capital equipment purchases as well as investments in capital improvement projects. Excluding these one-time expenditures, the net budgetary increase would be approximately 2%.

After Fiscal Year 2023, the use of fund balance is expected to continue to decline in future budget cycles for the following key reasons:

- Continuation of health care reform measures for the city's self-funded healthcare plan, which has systemically lowered healthcare related costs for both the city and its employees. These measures included changes to deductibles, co-pays, out-of-pocket maximums, employee

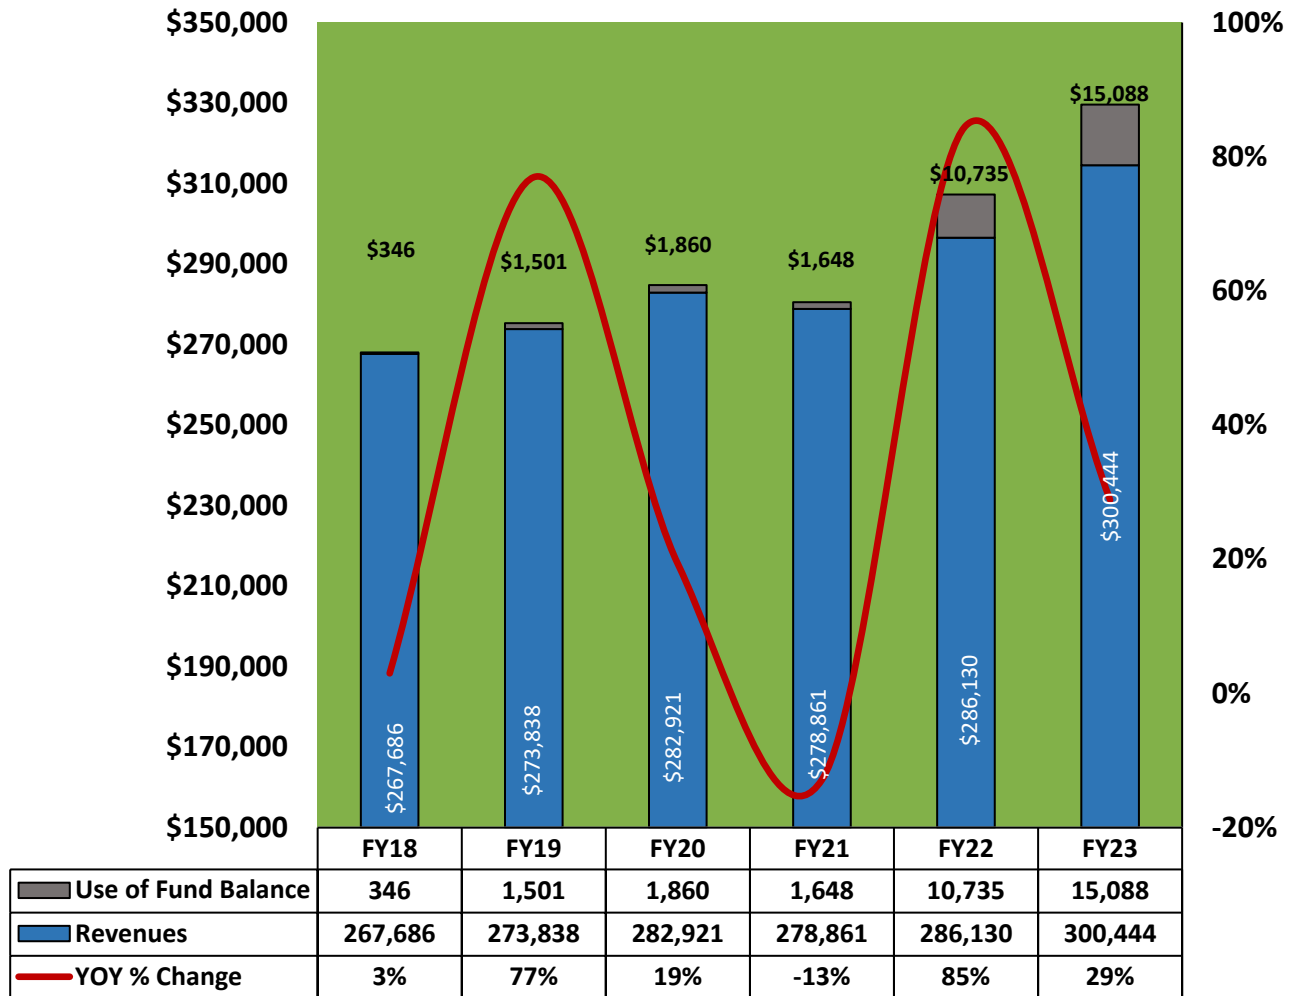

FINANCIAL SUMMARY / OPERATING FUNDS

premiums, the continuation of spousal exclusion for working spouses with available coverage at their own employer, and pharmaceutical benefit plan design changes.

- The City's one time use of reserve funds to implement a new pay and compensation study. The pay and compensation study will be sustained with projected revenue growth as well as reallocation of expenditures amongst funds.

The following graph depicts the City's use of fund balance during the past five fiscal years (as planned for in annual Adopted Operating Budgets):

FINANCIAL SUMMARIES / OPERATING FUNDS: REVENUES

Revenue Sources Total: \$314,533,253

General Property Taxes: \$95,340,260 30.3%

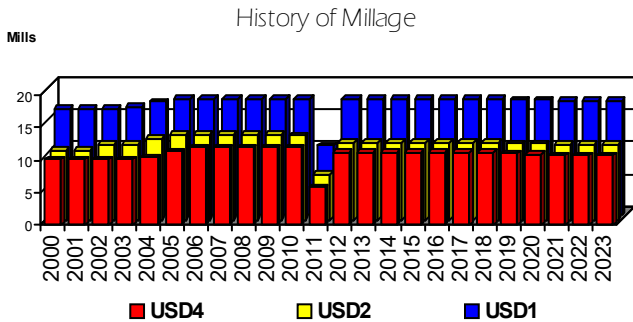

For FY23, General Property taxes are budgeted to increase by about 5.5% over FY22. General Property Taxes are Ad Valorem taxes, penalties and interest on real and personal property, motor vehicles, mobile homes, intangible taxes, and all penalties, interest and FIFAs related to these taxes. They are projected based on estimated growth of the state approved tax digest at millage rates ordained by Council. The current trend reflects a modest increase in Ad Valorem taxes based on the natural growth of the digest. Projected Ad Valorem taxes are based on assumption of a 97% collection rate and the projected growth of the digest. The 97% collection rate assumption also applies to the Indigent Care fund. Prior to FY15, the Indigent Care fund (formerly known as the Medical Center fund) was the one exception to the 97% collection rate assumption as contractually The Medical Center Hospital Authority received 3.00 mills regardless of actual tax collections. The *Ad Valorem Tax Distribution among Funds* Chart, on the top left, shows the distribution of Ad Valorem taxes among the applicable operating funds.

History of CCG's Millage

As reflected in the History of Millage chart (below), the millage rate remained relatively consistent from FY00 to FY03 and remained unchanged from FY05 to FY10. FY11 was affected by the Other LOST rollback, but the millage rate returned to normal in FY12. There were small increases to the General Fund, the Paving and Debt Service Funds in FY04 and FY05. The Columbus Charter stipulates a 9-mill cap on "ordinary current expenses" which is the total of net general and urban millage and the transportation millage. The remaining millage includes the medical center, debt service, paving, sewer, and economic development authority fund. The current millage rates are listed in the Millage Table in the City Manager's message.

During FY13, the Debt Service portion of the millage was reduced by 0.16 mills due to bond defeasance and other debt restructure. City Council opted to increase the mills for Economic Development funding accordingly by 0.25 mills in FY15, the proceeds of which will be added to the Economic Development reserve. The net result was no change to the overall millage rate.

The Economic Development Fund was established in FY03 and is funded by a 0.50 millage when and as approved by City Council. Each fiscal year during budget deliberations, Council decides whether to continue to appropriate monies for the Economic Development fund. As noted in the *History of CCG's Millage* (left), during FY15 an additional 0.25 mills is being set aside as a reserve for Economic Development, subject to Council's discretion and approval.

Property Tax Primer

Ad Valorem or Property Tax is a large source of revenue for CCG. The basis of the taxation is the Fair Market Value (FMV) of the property established as of January 1 of each year. The tax is levied on the assessed value of the property, which by GA state law is 40% of FMV. The amount of tax is determined by the tax rate (millage) levied by City Council. A mill is equal to \$1 for each \$1,000 of assessed value.

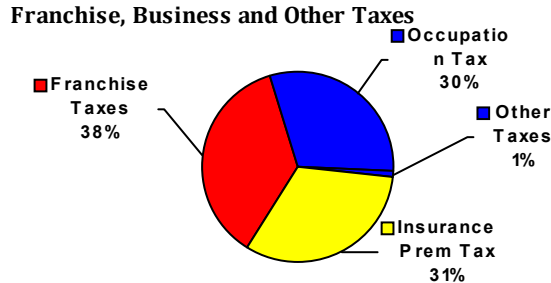

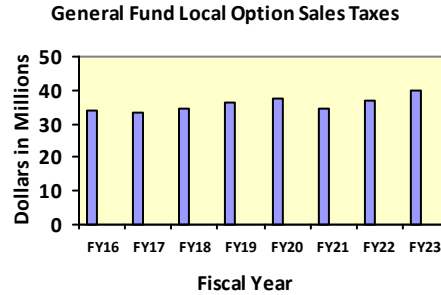

In addition to general economic trends and conditions, CCG faces the added challenge in our property tax structure is the property tax freeze, which freezes the FMV valuation of a property at purchase.

FINANCIAL SUMMARIES / OPERATING FUNDS: REVENUES

Franchise (Utility), Business and Other Taxes:
\$48,195,000 **15.3%**

In FY23, Franchise and Business Taxes are projected to slightly increase as compared to FY22. These revenues are sensitive to economic conditions and are projected based on historical trends and expected economic strengths or weaknesses. Trends for franchise taxes have been showing slight decreases. Business Taxes include Occupation Taxes, which are based on the gross income of certain businesses, and Insurance Premium Taxes. These taxes are also expected to generate modest increases in FY23.

The State of Georgia limits local jurisdictions to one cent (1¢) for general purposes. The trend of growth of sales tax has leveled off. It has cycled up and down in recent years but is anticipated to increase modestly over the coming years. The *Local Option Sales Tax* Chart reflects the trend in Sales Tax.

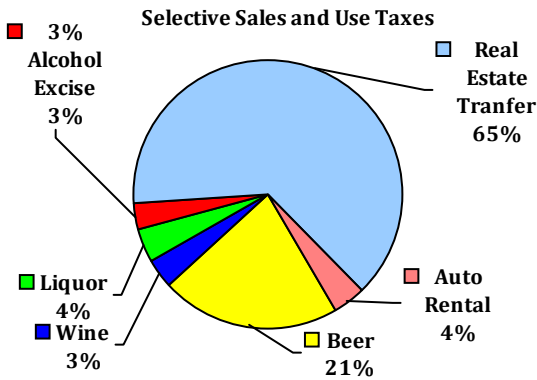

Also included in this category are use taxes. Use taxes include taxes on various rentals, advertising, and merchandising charges, as well as taxes on Beer, Wine, Liquor, and a 3% Alcohol Excise tax. This revenue is projected based on current indicators and tax rates set by Council. A modest increase was projected for this fiscal year. This subcategory reflects less sensitivity to economic conditions.

See the Franchise, Business, and Other Taxes pie chart (above) for a breakdown of this category.

Charges for Service:
\$38,719,809 **12.3%**

Sales and Use Taxes:
\$84,390,000 **26.8%**

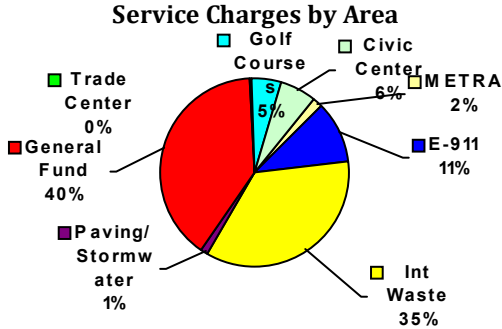

For FY23, fee adjustments in Charges for Services from FY22 have been projected, primarily due to expected increase in pay telephone commissions. Projections are based on rates set by Council, historical trends, and economic indicators. Service Charges include collections for government services, such as solid waste management fees, fees for use of public recreational facilities, emergency medical service fees and fees for the operation of the E-911 system and the city pound. Also included in this category are court fees and commissions. Commissions include the fees collected by the Tax Commissioner as well as the commissions paid on pay telephones. Due primarily to the addition of Title Ad Valorem Tax Fees, commissions were projected remain the same for FY23.

The FY23 budget includes a projected increase in Sales and Use Tax of about 1.69% from FY22. This projected increase continues an upward and downward trend which is a result of macro-economic conditions. A Local Option 1¢ Sales Tax is levied to keep the ad valorem tax as low as possible.

Also, in service charges is cost allocation. Established in the FY93 Budget, cost allocation revenues reflect levels of service provided by the general fund central administrative functions (such as accounting, purchasing) to other fund, grant, and authority activities. For FY23, a 3.9% increase in cost allocations was projected.

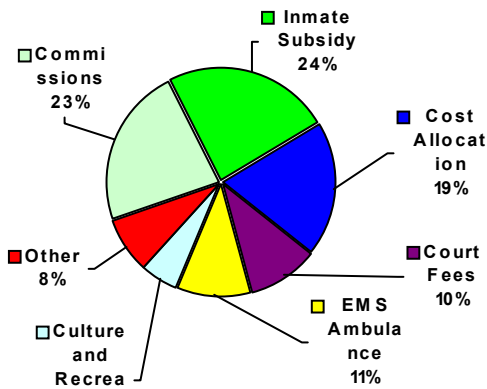

The taxes are projected based on economic indicators (employment rate, consumer confidence, etc.) and estimated growth in sales.

FINANCIAL SUMMARIES / OPERATING FUNDS: REVENUES

Projections for Service Charges are based on rates set by Council, historical trends, and economic indicators. An incline in user-based fees collected by the City's public cultural and recreation-based facilities and decreased court collection fees lead to the projected .4% decrease in total Charges for Services for FY23. See the *Service Charges by Area* pie chart.

General Fund Charges for Service

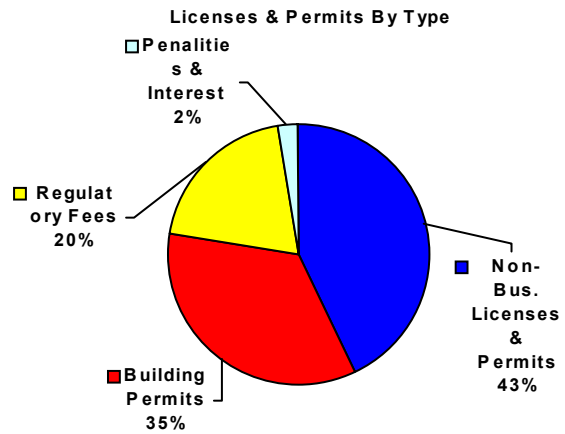

Fines and Forfeitures: \$2,600,000 0.8%

This category consists primarily of fines and charges imposed by the various courts of Muscogee County. Council sets some of these charges, while others are mandated by State. For FY23, a 37.35% decrease was projected in Fines and Forfeitures due to COVID impacting court fees collected in superior court, state court, municipal courts, and all other courts to include recorder's court and environmental court.

Licenses and Permits: \$2,640,000 0.8%

For FY22, License and Permit revenues are expected to decline as compared to prior year. This category is derived from permits, business and professional license fees. Business Licenses include Beer, Wine and Liquor Licenses, Alcohol Application ID Card Permits and Insurance Licenses.

Non-Business Licenses and Permits include permits for pet ownership, zoning petitions and marriage and gun licenses. Regulatory Fees include licenses to sell alcohol and insurance. Building permits make up the largest category. Council sets the fees for these charges. See *Business Licenses & Permits* (above) for a breakdown by type.

Projections are based on historical trend analysis, economic indicators, and anticipated economic growth. Some of these fees and permits that are sensitive to economic conditions are trending upward. Overall, licensing is remaining steady, as well as, fees and permits. Projections have followed these trends.

FINANCIAL SUMMARIES / OPERATING FUNDS: REVENUES

Intergovernmental:
\$10,367,517 **3.30%**

This category consists of Federal, State and Local government agency reimbursements for funding of local and statewide programs. Trends show an increase in state and federal funding, which is reflected in projections.

The revenues (and expenditures) for cooperatively funded various Federal, State, and Local grant activities is located in a Multi-Governmental fund.

Additionally, there are two published funds that are listed with the operating funds, but not included in these numbers. The Community Development Block Grant (CDBG) and Workforce Innovation and Opportunity Act (WIOA) are separate grant programs with different budget cycles because of federal regulations. An estimated budget is included in the budget process and is adjusted by Council in the fall. Details about CDBG and WIOA Funds can be found in the Overview (Section B) and Expenditures by Division (Section D) Sections.

Investment Income & Miscellaneous:
\$791,000 **.30%**

This category includes revenue from investment of City reserves. Revenues are based on projected rates of return on invested fund equity. Although rates are expected to continue to be relatively low, the FY23 budget does not presume that there will be material gains or losses in investment value. Investment income is projected at \$791,000 for FY23.

This category also includes rents from City-owned property and sales of land, surplus equipment and various reports and databases. These revenues are projected based on fee schedules and current indicators. In addition, various one-time revenues, not categorized elsewhere, are included in this category. These revenue projections are based on historical trends.

Inter-fund Transfers In:
\$13,561,511 **4.30%**

Transfers-in account for the operating inter-fund transfers between the various funds to provide funding assistance and matching funds for Federal and State grants. This category accounts

for the transfers of funds allocated to the Capital Improvement Program. The Hotel-Motel tax provides a source of revenue as a transfer into the Civic Center and the Columbus Convention and Trade Center. For FY23, a 50.72% increase in transfers has been projected, thus presenting a cyclical trend in use of inter-fund transfers as a revenue source.

Use of Fund Balance:
\$15,088,558 **4.8%**

Fund balance usage is calculated based on the anticipated fund balance at fiscal year end after revenues and expenditures have been accounted for. For FY23, in the LOST Fund, it is expected that **\$53,826** will be needed from fund balances to cover the shortfall between revenues and expenditures. Operating Funds' total Use of Fund Balance is **\$15,034,732**. See *FY23 Summary of Revenues, Expenditures, & Change in Fund Balance* for details.

FINANCIAL SUMMARIES / OPERATING FUNDS: EXPENDITURES

Expenditures Total: \$314,533,253

Management Operations:
\$ 23,798,371 7.6%

Activities and management needed to administer the daily operations of the Consolidated Government.

These activities are distributed through such offices as the City Manager, Human Resources, Information Technology, Finance, Facilities Maintenance, and Fleet Maintenance. These offices provide support for line operations in their efforts to provide quality services to the citizens of the community.

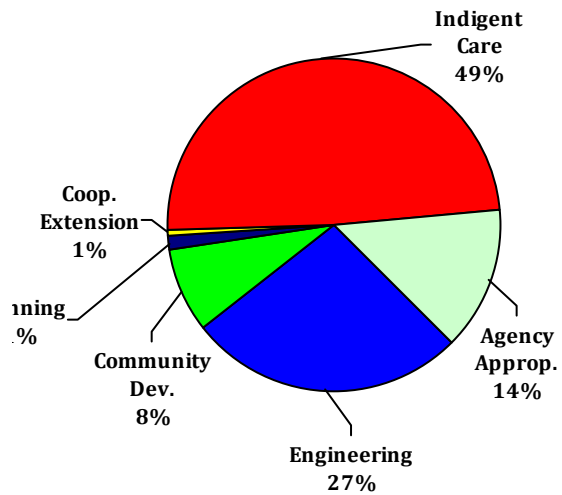

Management Operations expenditures are budgeted at 4.51% higher than in FY22. See *Management Operations by Type* below for expenditure breakdown of support offices.

Services by Type below for breakdown by Department.

In addition, the City's Indigent Care appropriations are budgeted at a value of two and a half (2.5) mills to reimburse for indigent and prisoner/inmate medical care. These are accounted for in the Indigent Care Fund.

Although CDBG funds are not reflected in the General Fund's expenses, the City's Department of Community Reinvestment administers the CDBG (Community Development Block Grant) Program.

Community Services by Type

Management Operations by Type

Community Services:
\$ 22,816,115 7.3%

Community Services includes services that affect all citizens indirectly through the coordination of construction and development activities to ensure safety and a better quality of life. These services are distributed through such offices as Engineering, Inspections and Codes, Planning, and the Cooperative Extension division, which is operated in cooperation with the University System of Georgia. Funds for other services are provided to various organizations in the community by Council approval through agency appropriations. Community Services expenditures are budgeted 10.05% lower than the budget for FY22. See the Chart of *Community*

Public Works:
\$ 34,181,551 10.9%

This category includes the divisions involved in delivering and administering essential services such as solid waste collection, recycling, public cemeteries, and open and inert landfill operations and maintenance. Certain paving and sewer maintenance such as ditch cleaning, road patching, etc. is managed by this function. Environmental activities are coordinated through divisions grouped here.

Public Works expenditures are budgeted to be 18.55% higher in FY23 than budgeted for FY22.

FINANCIAL SUMMARIES / OPERATING FUNDS: EXPENDITURES

Statutory Boards & Commissions:

\$5,425,618 **1.7%**

This area provides miscellaneous services to the community. The Board of Elections and Registrations maintains the official eligible voters file and conducts elections in Muscogee County. The Tax Commissioner’s Office and the Board of Tax Assessors appraise property and collect due taxes in the county. The operations of the Coroner are included here. Expenditures in this category are budgeted at 3.32% higher than in FY22.

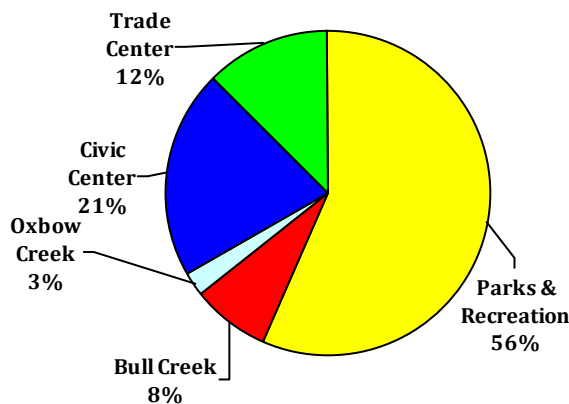

Recreation & Culture:

\$19,880,376 **5.1%**

Recreation and cultural activities are provided almost exclusively through the Department of Parks and Recreation. The Parks and Recreation department provides outdoor activities, youth and senior programs, while operating the city’s major arena facilities (Golden Park, Memorial Stadium). This category also includes Bull Creek Golf Course, Columbus Ironworks Convention and Trade Center and the Columbus Civic Center. Expenditures for Recreation and Culture are budgeted at 0.54% lower than for FY22. Cost increases will be due to operational changes implemented during the current budget cycle.

See *Recreation & Culture* Chart below.

Recreation & Culture

Public Safety:

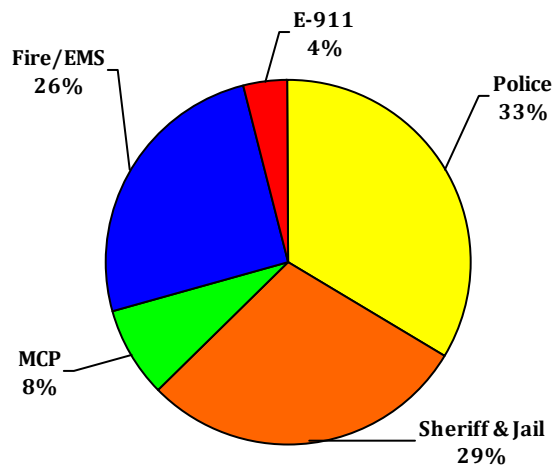

\$114,792,814 **36.5%**

Public Safety encompasses those departments and divisions actively involved in the direct protection or support of protection of Columbus’ citizens and visitors. In addition to Police, Fire & Emergency Medical Services, and Emergency Management, the operations of the Sheriff’s office, the county jail, and Muscogee County Prison incorporated.

Public Safety expenditures are budgeted 0.59% lower than the FY22 budget. For FY23, the Adopted budget includes Public Safety related capital purchases of \$1,950,993.

See *Public Safety Appropriations by Agency* below for breakdown of budget proportions.

Public Safety Appropriations by Agency

Criminal Justice:

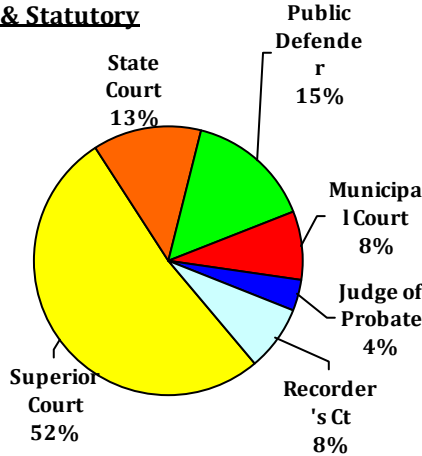

\$16,117,673 **5.1%**

The Criminal Justice system operated by the City consists of all municipal and traditionally county courts. The support functions include probation, legal and clerk’s offices. FY23 expenditures for Criminal Justice are 5.48% higher than they were for FY22.

The *Judicial & Statutory* pie chart below shows breakdown by court.

*Based on 2022 State Approved Gross Digest as of 7/22/22.

Overview and Debt Financing Principles

All local governments must determine how capital projects will be financed. It is the policy of the Columbus Consolidated Government (CCG) to use debt sparingly to retain the capacity to issue additional debt if the need arises. Currently, CCG is well below the 20% level that is considered by the credit industry to be a danger signal. In addition, CCG is well below the legal debt ceiling for general obligation debt (detailed in the box below).

The Columbus Consolidated Government maintains two debt service funds - Debt Service Fund and Sales Tax Proceeds Account Fund. These Funds are used to service debt from four sources: General Obligation Debt, Columbus Building Authority contractual debt, the Board of Water Commissioners revolving loan contract, and lease purchase programs with the Georgia Municipal Association. Proceeds of a dedicated property tax provide the primary source of revenue for the Debt Service Fund. See Debt Service Fund Overview and Debt Service Fund Expenditures for more information.

(A) and \$14,005,000 (B) respectively. In 2019, a bond was issued via direct placement to provide for renovations to the South Commons Softball Complex, the Government Center, and funding a needs assessment study. For FY23, the total amount of payments for principal on all bonds outstanding will be **\$6,108,405.85** and the total amount of payments for all interest will be **\$4,767,342.23**. Included in these amounts are payments that are made for bonds issued on behalf of Trade Center and Oxbow Creek Golf Course.

Debt Service: Other Obligations

The Consolidated Government has directly or indirectly guaranteed the debt issued by the Bull Creek Golf Course Authority, the Columbus Iron Works Convention and Trade Center Authority, the Columbus Airport Commission, and the Hospital Authority of Columbus. However, because the debt is self-supporting, it is generally not considered debt of the CCG. In addition, the annual debt service payments of these issues are not budgeted in debt service funds.

During 2013, Columbus Consolidated Government entered into a master lease agreement with Georgia Municipal Association

FINANCIAL SUMMARIES / OPERATING FUNDS: EXPENDITURES

(GMA). The initial purpose of GMA financing was to purchase rolling stock equipment for Public Works. GMA financing was later utilized to purchase computer equipment and software upgrades as well as leasing emergency vehicles. The total amount of expenditures that will be allowed under the lease agreement in FY23 will be **\$4,024,315.58** (which includes repayment of principal and interest for one year).

Mass Transit:

\$13,785,783 **4.4%**

METRA is the City of Columbus’ mass transit system of buses with financial assistance provided by the local, State and Federal governments. Mass transit expenditures are budgeted at 32.26% above FY23 expenditures.

In FY19, the Parking Management Fund activities moved into the General Fund as it no longer meets the requirements of an enterprise fund. The Parking Management Fund accounted for all expenses related to Columbus’ Uptown Parking District, including parking and enforcement.

Other Non-Departmental Expense:

\$40,568,634 **12.9%**

This category consists of expenditures that are not applicable to a specific department. Examples of the various non-departmental expenses include operating subsidies provided to the Integrated Waste and E911 Funds, contingency funds, and various other non-categorical expenses. Other non-departmental expenditures are budgeted at 27.72% higher than in FY22

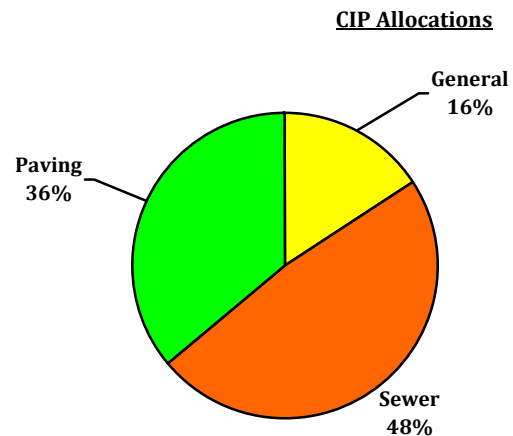

Capital Improvement Projects (CIP):

\$7,974,968 **2.5%**

The capital improvement program has been in operation since 1971 with the City consolidation. Funding comes from a variety of sources including transfers-in from the General, Paving, Sewer, and Integrated Waste Funds; 1999, 2021 1¢ Special Purpose Local Option Sales Taxes (1993, 1999, 2021), Columbus Building Authority (CBA) – Contractual Debt (2012A and 2012B Series, 2019 Series, 2022A and 2022B Series), Capital Lease Agreements with Georgia Municipal Association, and Prior Years Balances. The program has historically been used for

infrastructure projects such as road construction, drainage improvements, technology support and advancement, and miscellaneous project fund reserves. The number listed above includes only the transfers from the General, Sewer, and Paving funds into CIP projects. Additional funding includes the Integrated Waste Fund, 1999 Sales Tax, 2021 Sales Tax and Prior Year’s funding.

The General Fund support is funded from property, utility, sales and other taxes, as well as other miscellaneous revenues. Integrated Waste support is based on service charges from residential and commercial waste.

The City’s share of Road Projects is funded wholly from the Paving Fund. The road projects are treated as a transfer-out to the CIP Fund where it is matched with a greater share of State dollars. Drainage projects are located in the Sewer fund and located here due to the length of the projects and expense. Integrated Waste Management was added in 1994 to account for capital projects related to the construction, expansion or closing of landfills. The balance of projects, recreation and sidewalks, are financed with equally distributed revenues and constructed as SPLOST cash flow allows. The total financing for a given project may be available at one time, while the project may take multiple fiscal years for completion. At the end of the fiscal year, the total financing sources are earmarked and recorded for that project and the balance is carried forward to the next fiscal year.

Capital Improvement Project’s budgets may include any of the following basic costs that are

FINANCIAL SUMMARIES / OPERATING FUNDS: EXPENDITURES

commonly associated with a capital improvement project: the renovation or expansion of existing facilities; an initial feasibility study for infrastructure and/or new facilities; site improvement and/or development and land acquisition; construction of infrastructure and/or a new facility; related management and/or administrative costs; and equipment and furnishings associated with the project. The capital projects are grouped by service type:

Management: The Management service type includes projects impacting the general function and management of the Consolidated Government. The projects may also include land acquisition and development, facilities and infrastructure construction and renovation not directly associated with any of the other service classification. Typically, these projects are funded with contributions to the CIP from the operating funds.

Parks, Recreation & Leisure: This type of project includes all costs associated with land acquisition, park development, facilities construction and renovation of gymnasiums, museums, recreation centers, marinas, tennis courts, fields and other facilities and infrastructure that are associated with recreational and leisure activities. These projects are primarily financed by the SPLOST, but also receive funding from the General Fund, grants and private contributions.

Public Safety / Criminal Justice: All projects related to the delivery of Courts, Police, Fire, Sheriff, Marshal, Emergency Medical and Correction services are recorded in this section. These projects are typically funded by the General Fund but may be financed through debt and other sources.

Drainage: The projects classified as drainage are primarily concerned with storm water control, flood prevention, erosion control and soil conservation, sewer construction and renovation, open ditch and stream bank stabilization; and detention/retention pond improvements.

Transportation: Projects may be land and right-of-way acquisition, traffic signalization, roads, sidewalks, and path or trail construction. Road projects are primarily funded through contributions from the Paving Fund; however, other financing sources may include SPLOST or bond issues.

Environmental: This category primarily encompasses projects associated with the landfills. Other projects may include urban reforestation, streetscapes and gateway projects. Detailed information of the financing, expenditures, and project description for the various projects is located in the *FY23 Capital Improvement Program Budget Book*.

CIP impacts on the Operating Budget

Due to the lack of funding over the past few years, we have been unable to meet the demand financially for many worthy projects. Prioritizing has been essential to stretch an already tight dollar as far as possible. This will have implications on future budgets. Currently, funding for our projects is primarily from sources other than operating budgets, so there is minimal impact on the operating budget for this year.

The alternative funding sources are providing funding to many repair and maintenance and infrastructure projects. These projects will reduce the cost of maintenance and repairs to aging infrastructure within the City.

Long term, we are going to see some reduction in operating costs to the City. We are unable to determine at this time if this will be offset by projects, we are unable to fund. Although, it is believed future savings will be greater than project costs. Any reduction will allow additional funding to be allocated to other operating costs or projects within the City.

For FY23, the overall budget for Capital Improvements was held to a minimum, continuing the trend of deferred capital investment begun in FY14. As shown below, for FY23, CIP appropriated funds included \$450,000 in the General Fund.

PERSONNEL

A top priority of the Columbus Consolidated Government (CCG) is to provide the most efficient services while retaining quality employees who are committed to excellence and the community. The CCG employs over **3,000** full-time, part-time, and temporary employees, who provide a wide range of services to the community.

The CCG provides a total benefit package that includes the following:

- Major Medical Health Insurance
- Life Insurance
- Social Security
- Long Term Disability Insurance
- Retirement Plan
- Dental Insurance
- Sick and Vacation Pay
- Worker's Compensation
- Cafeteria Plan
- Deferred Compensation Plans

Major Medical Health Insurance

The CCG provides health insurance to all full-time employees. Coverage begins on the first day, coincide with or immediately following completion of 30 days of active employment. The City's annual contribution is \$6,200 per employee.

During 2013, the City opened its own Health and Wellness Center on the campus of Columbus Regional Healthcare System. The Health and Wellness Center provides routine primary healthcare, urgent care, and specialist referrals for members of the H&W Center plan. In addition to having no copayments for office visits, referrals, or routine pharmaceuticals, employees covered by the Health and Wellness plan enjoy premiums that are the lowest available for any plan offered at CCG. By more closely managing the health and wellbeing of its employees, CCG anticipates significant wellness and productivity benefits from the Health and Wellness Center program for its employees and their dependents. In addition, the City expects to see reduced healthcare costs in the long term by improving the health status of the workforce and by better management of chronic conditions.

Life Insurance (Accidental Death & Dismemberment)

The CCG provides life, accidental death, and dismemberment insurance to all full-time employees. Coverage is equal to one and one-half (1½) times an employee's annual salary, rounded to the next highest \$500. The benefit is calculated at \$0.50 per \$1,000 of their salary.

Long-Term Disability

CCG provides long-term disability coverage to all full-time employees. The Social Security Administration Office must declare an employee disabled, after which the plan allows the

PERSONNEL

disabled employee to collect 60% of their monthly salary (offset by Social Security, Worker's Compensation and certain other pensions and disability plans).

Social Security (FICA)

CCG contributes the employer's share of FICA, 7.65% (6.20% Social Security and 1.45% Medicare) of earnings up to a maximum salary of \$147,000. Maximum is for Social Security only. The Federal Insurance Program has no cap on Medicare contribution earnings.

Retirement

The CCG provides two retirement plans: one for general government employees and an enhanced plan for public safety employees. Both plans offer early and normal retirement options once time vests an employee. The City has historically contributed 100% of the costs for the program. However, in FY13 the City implemented an employee contribution rate of 4% for all eligible existing employees phased in at 2% over a 2-year period and a contribution rate of 8% for eligible new employees phased in at 6% the first year and 2% the second year. The general government employees' plan must generate a minimum of \$3 million based on employee salaries and \$9 million for public safety employees' salaries.

Vacation

All city officials and permanent employees accrue and accumulate annual leave based on their years of service as displayed in the following table.

Service	Earned	Accumulate
0 - 10 years	10 days	20 days
10 - 15 years	15 days	20 days
15+ years	20 days	30 days

Sick Leave

All city officials and permanent employees accrue 13 days of sick leave per year. An employee may accumulate the following maximums: 30 days in a base account and 60 days in a reserve account for a total of 90 days. By the last pay period in November, CCG pays one-fourth of accumulated sick leave beyond the 30 days allowed in an employees' base account as a bonus to employees. This bonus is based on the employee's salary/wage and is subject to City Council's approval. The remaining three-fourths above the 30 days are added to the employees' sick leave reserve account until a maximum of 60 days is accumulated.

PERSONNEL

Catastrophic Sick Leave

At the end of each leave year all accrued leave days above the maximum allowable reserve accumulations will be added to the catastrophic sick leave bank until a maximum of one hundred and twenty (120) days shall be attained. No charge shall be made against the catastrophic sick leave accumulation until the base and reserve accumulations for both vacation and sick leave have been exhausted, and until a valid medical certificate has been presented as to the nature of the employee's illness and inability to return to work.

Other Benefits

The Columbus Consolidated Government (CCG) offers deferred compensation, cafeteria, vision, and dental plans for employees. Although the City does not contribute to the plans, we offer the plans as a convenience to the employee.

Holidays

For several years, the CCG has observed ten (10) holidays and one (1) floating holiday. This year the CCG will observe the floating holiday on December 24, 2021. A schedule of holidays is listed below:

Chief Judge - Superior Court

Program Description:

The Superior Courts are presided over by seven judges, elected by the voters of the six counties making up the Chattahoochee Judicial Circuit. These counties are Muscogee, Chattahoochee, Harris, Marion, Talbot, and Taylor. Sessions of the court, both civil and criminal, are held in the county courthouse of each county. Felony cases, divorce/alimony, child custody, equity cases, and cases involving land titles must be tried in the Superior Court. The Superior Court has concurrent jurisdiction with the other courts to try other civil cases and misdemeanor criminal cases. In addition, this court determines appeals from the Probate Court, and in certain instances, from the Juvenile and Municipal Court.

District Attorney

Program Description:

The District Attorney is elected for a four-year term and is the prosecuting attorney for the Superior Courts in the Chattahoochee Judicial Circuit. The duties of this office are by statute and include the prosecution of criminal cases in Superior Court. The District attorney and his staff prosecute a broad range of felony criminal cases, in the Superior and Juvenile courts, representing the State of Georgia.

Juvenile Court

Program Description:

The Juvenile Court has jurisdiction over cases involving children under the age of 17 who are alleged to be unruly, delinquent, deprived, in need of treatment (i.e., mentally, emotionally ill, or mentally retarded), or who are alleged to have committed a traffic offense. The judge, who is appointed by the Superior Court judges for a term of four years, presides over these cases as well as contested divorce custody cases transferred to the Juvenile Court by the Superior Court Judges. In FY03, a Circuit-wide Juvenile Court was established per GA 15-11-18. This includes one full-time judge and 2 part-time judges who hold preliminary/detention, shelter, and traffic hearings, assess and sign bonds, warrants and other legal documents. The support staff ensures that all cases have been properly handled by conferring with attorneys, and other professionals.

The Georgia Department of Children and Youth Services provides intake and probation officers for the court. The Intake Department is located in the Juvenile Court facility. A Protective Services Coordinator is provided by the Georgia Department of Human Resources with courtesy supervision provided by the court coordinator.

Juvenile Court Clerk

Program Description:

The Juvenile Court has jurisdiction over cases involving children under the age of 17 who are alleged to be unruly, delinquent, deprived, in need of treatment (i.e. mentally or emotionally ill and mentally retarded), or who are alleged to have committed a traffic offense.

Jury Manager

Program Description:

It is the responsibility of the Jury Manager to furnish jurors to all nine trial Courts, including grand jurors. This responsibility necessitates accompanying duties such as subpoenas, payroll, deferment, orientation and oath of jurors. The effective utilization of the services of jurors is more economical for the taxpayer and more efficient for the Courts.

Victim/Witness Assistance Program

Program Description:

The Victim Witness Assistance Program (VWAP) works directly with the District Attorney's Office and is responsible for helping the victims, families, and witnesses through the criminal justice system. The program informs families of the status of criminal prosecutions and helps the District Attorney's Office track the vital witnesses for their cases.

Goal:	  	To identify and assist victims and witnesses in their time of need.		
Objective:	Send out victim packages, victim notification: Make telephone calls to gather information on victims and witnesses, inform them of upcoming court date and offer support. Enter data into Tracker for accurate documentation and reference.

State Court Judges

Program Description:

The State Courts are presided over by two judges who are elected for a term of four years. The Court tries both civil and criminal cases with a jury composed of twelve persons. Criminal cases tried in this court are limited to misdemeanors and appeals from Recorder's Court by the State Constitution.

State Court Solicitor

Program Description:

The State Court Solicitor General's Office prosecutes misdemeanor cases and city ordinance violation cases appealed from Recorder's Court. Cases include misdemeanor warrants issued in Muscogee County and citations issued by: Columbus Police Department, Muscogee County Sheriff's Office; Muscogee County Marshal's Office, Georgia State Patrol, Columbus State University Police, Department of Natural Resources, Animal Control, Business License Office, Code Enforcement, and cases transferred from the Muscogee County Superior Court. The Office collects all warrants, citations, reports, documents, records, criminal and driving histories, and evidence; interviews victims and witnesses; makes decisions regarding prosecution and recommended dispositions; files accusations; subpoenas witnesses; provides discovery and responds to motions; prepares for trial; negotiates pleas; tries cases in court before a judge or jury, and handles any appeals to higher courts. The Solicitor General's Office coordinates weekly jail pleas, weekly arraignment/plea dockets, and monthly trial dockets, and works with a State Court probation company to ensure fines, community service, jail reporting, restitution, and other terms of sentencing are completed. The Solicitor General's Office applies for warrants for a variety of reasons including probation violations and failure to appear for court and handles requests for record restrictions/expungements.

Municipal Court Judge

Program Description:

The Magistrate Court of Muscogee County has jurisdiction of civil claims where exclusive jurisdiction is not vested in superior court. Magistrate court is confined in most cases to a monetary limit of \$15,000. The court handles the issuance of summons, trial of issues, and issuance of writs and judgement's in dispossessory proceedings and distress warrants. This court also handles: garnishments, abandoned vehicles and interrogatories. The Magistrate court provides for the filing of answers, counterclaims, and other pleadings, directly related to Magistrate Court cases. The court handles all of its scheduling if hearings in conjunction with those hearings set for Municipal Court.

Goal:		The Municipal Court of Columbus shall maintain less than 175 docketed cases per monthly docket.		
Objective:		The Magistrate Court of Muscogee County shall provide for a final hearing on all litigated cases in which an answer has been filed, no later than 90 days from the filing of said answer. The allowable exception being if both parties request a continuance of the trial beyond the 90 day period.

OLOST - Public Safety/Executive

DEPARTMENT MISSION STATEMENT

The purpose of the Crime Prevention and Intervention Program is to identify and recommend long-term initiatives that will assist in preventing crime in Columbus, Georgia. It is much more cost efficient in the long run to prevent crime than for the public to bear the costs of incarceration. There will be five areas of emphasis that the program will focus on including Recreation, Education, Drug and Alcohol Prevention and Intervention, Employment and Jobs, and Community Policing.

Other Maintenance and Repairs

Program Description:

The Facilities Maintenance Division is responsible for maintaining city facilities, including minor renovations. This cost center is established to account for maintenance and repair activities specific to the Sewer Fund divisions.

Contingency

Program Description:

Departments' budget specific appropriations and expenditures pertaining solely to that department. However, large emergency expenditures are not always accounted for by a specific department; therefore, we have established the contingency section to record these appropriations and expenditures.

Non-Categorical

Program Description:

Departments budget specific appropriations and expenditures pertaining solely to that department. However, certain expenditures are not applicable to a specific department and we have established the non-categorical section for recording these appropriations and expenditures. This cost center factors a cost allocation charge that reimburses the General Fund for administrative services provided in the previous year.

Interfund Transfers

This activity accounts for operating transfers from the General Fund to other funds. Transfers are made to provide required matching funds for federal and/or state grants. Also, this activity accounts for resources transferred to other funds where actual costs are recorded with funding assistance from the General Fund, such as the Civic Center and Golf Courses. Finally, this activity accounts for transfers of funds allocated to the Capital Improvement Program.

E911

Program Description:

The 911 Center is divided into two areas: the Public Safety Message Center and the Emergency Operations Center. The Public Safety Message Center is the administrative telephone-answering unit for the Police and Fire Departments. The 911 Operations Center is responsible for receiving requests for emergency services and dispatching the appropriate units to the emergency; monitoring and dispatching the Police, State Sheriff's, Fire and EMS radio channels; the Civil Defense National Warning System; all bank alarms, the FBI and National Guard Alarms; and implementing emergency procedures in concert with other agencies.

Goal:		To provide emergency and non-emergency communications services in a professional and efficient manner for public safety and other agencies.		
Objective:		To dispatch all calls for service in a timely, accurate and professional manner.

Non-Departmental Contingency

Program Description:

The Contingency Fund is an amount established in each annual budget to finance unusual items, which cannot be anticipated in the budget preparation. As these items occur during the year, transferring the required funds to the appropriate account reduces the contingency.

Non-Categorical

Program Description:

Appropriations and expenditures that pertain solely to a specific department are budgeted by that department. However, there are certain expenditures that are not applicable to a specific department. The non-categorical section has been established for recording these appropriations and expenditures.

WIOA Administration

Program Description:

The Workforce Innovation and Opportunity Act (WIOA) Program accounts for grant monies received from the Department of Labor to carry out the federal objectives formerly carried out by the Job Training Partnership Act (JTPA) Program:

- To authorize and fund different employment and training programs.
- To establish programs that provide job-training services for dislocated workers, economically disadvantaged adults and youth facing significant employment barriers.

Goal:		To meet or exceed the performance goals as negotiated with the State Technical College System of Georgia Office of Workforce Development.		
Objective:		To implement training activities and services that will enable the Columbus local workforce area to meet or exceed the adult, youth and dislocated worker performance goals as negotiated with the State of Georgia Economic Development Workforce Division.

Adult & Dislocated Workers

Program Description:

WIOA authorizes “core” and “intensive” services. “Core” services are available to all adults and include job search and placement assistance; labor market information; initial assessment of skills and needs; information about available services; and follow-up services. “Intensive” services are available for unemployed individuals who are not able to find jobs through core services alone. These services include more comprehensive assessments, development of employment plans, counseling, case management and short-term pre-vocational services. Additionally, the Act authorizes the provision of temporary income support to enable participant continuation in training.

Youth

Program Description:

WIOA authorizes eligible youth ages 14 through 21 to be considered as low-income and must meet one or more of the following challenges:

(1) School dropout; (2) basic literacy skills deficiency; (3) homeless, runaway, or foster child; (4) pregnant or a parent; (5) an offender; or (6) need help completing an educational program or securing/holding a job.

Furthermore, 30% of these funds must help those who are in school. Additionally, the program just provides summer employment opportunities linked to academic and occupational learning.

Overview and Debt Financing Principles:

The Columbus Consolidated Government maintains a Debt Service Fund. This fund is used to service debt from four sources: General Obligation Debt, Columbus Building Authority contractual debt, the Board of Water Commissioners revolving loan contract, and lease purchase programs with the Georgia Municipal Association. Proceeds of a dedicated property tax form the primary source of revenue for the Debt Service Fund; a 1% Special Purpose Local Option Sales Tax provides the primary source of revenue for the Sales Tax Proceeds Account Fund.

All local governments must determine how capital projects will be financed. It is the policy of the Columbus Consolidated Government (CCG) to use debt sparingly to retain the capacity to issue additional debt if the need arises. Currently, CCG is currently well below the 20% level that is considered by the credit industry to be a danger signal. In addition, the CCG is well below the legal debt ceiling for general obligation debt (details on Debt Margin below).

Debt Margin:

The Columbus Consolidated Government remains below the debt ceiling of 10% of assessed value of taxable property established by the State of Georgia’s constitution. CCG uses none of its established legal debt limit.

Contractual Debt: Columbus Building Authority -

The Columbus Building Authority was created to provide a means to issue revenue bonds to acquire, construct, equip, maintain, and operate self-liquidating projects. The Consolidated Government has an agreement with the Columbus Building Authority whereby all assets purchased through the Columbus Building Authority are leased to the Consolidated Government. The Consolidated Government services the Building Authority's debt in lieu of making rental payments. The Consolidated Government has directly or indirectly guaranteed the Authority's debt. In 2012, new bonds were issued, proceeds from which in part repaid outstanding balances from the Series 1999 and Series 2003 bonds. In 2019, a bond was issued via direct placement to provide for renovations to the South Commons Softball Complex, the Government Center, and funding a needs assessment study.

Planning - FTA (5303)

Program Description:

Transit planning consists of these basic components: research, data analysis and planning, and maintenance of the transit grants. We accomplish research and forecasting according to Federal Transportation Administration (FTA) requirements using established guidelines. Statistical ridership populations, socioeconomic factors and employment patterns are the primary variables in data analysis.

This division is project oriented: annual reports, special studies, videos, transit information and related activities with a primary focus on mass transit. FTA provides federal dollars for planning at 80% of expenses. The GA DOT provides State dollars for planning at 10% of expenses. The City must apply for both.

Goal:	 	To maintain transit strategies that are pro environment.		
Objective:	To update the short range and long range transit planning to reflect the changes in demographics, destinations and other issues affecting public transportation (i.e., security, environmental, congestion).			
Performance Indicators:		FY21 Actual	FY22 Actual	FY23 Projected
Update the Unified Planning Work Program (UPWP), the Transportation Improvement Program (TIP), the congestion mitigation strategies, participation in environmental impact assessments, ridership demands, and demographic data.		100%	100%	100%

Goal:		To maintain coordinated transit activities and manage requirements of TSPLOST funding.		
Objective:	Participate with the Metropolitan Planning Organization in transportation activities, review routes and survey customers for service viability.			
Performance Indicators:		FY21 Actual	FY22 Actual	FY23 Projected
Participation in the transit, traffic and transportation agencies, MPO planning certification, 3C Planning Process, and environmental impacts, surveys, and driver information		100%	100%	100%

Other Maintenance & Repair

Program Description:

The Facilities Maintenance Division is responsible for maintaining city facilities, including minor renovations. We established this cost center to account for maintenance and repair activities specific to Transportation Fund divisions.

Non-Categorical

Program Description:

Department budget specific appropriations and expenditures pertaining solely to that department. However, certain expenditures are not applicable to a specific department and we have established the non-categorical section for recording these appropriations and expenditures.

Interfund Transfers

Program Description:

We allocate appropriations for Capital Improvement Projects here for record and accounting purposes. Additionally, this cost center accounts for operating transfers from the Transportation Fund to the Risk Management Fund providing workers' compensation benefits for METRA employees.

Other Events

Program Description:

The Civic Center is focused on providing space for approximately 250 event days throughout the year. The Civic Center works to bring various events such as concerts, ice shows, fairs, and variety of other attractions to Columbus while also providing additional conference space to the area.

Other Maintenance & Repairs

Program Description:

The Facilities Maintenance Division is responsible for maintaining city facilities, including minor renovations. This cost center is established to account for maintenance and repair activities specific to the Paving Fund divisions.

Non-Categorical

Program Description:

Appropriations and expenditures that pertain solely to a specific department are budgeted by that department. However, certain expenditures are not applicable to a specific department and we have established the non-categorical section for recording these appropriations and expenditures. This cost center factors a cost allocation charge that reimburses the General Fund for administrative services provided in the previous year.

GLOSSARY

SEE ALSO: ACRONYMS

The Annual Operating Budget contains specialized and technical terminology that is unique to public finance and budgeting as well as unique to the Columbus Georgia area. The following glossary has been included in this document to assist the reader in understanding these terms.

ACCOUNT NUMBER: A line item code defining an appropriation.

ACCRUAL ACCOUNTING: A basis of accounting in which revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period in which they are incurred.

ADOPTED BUDGET: The operating budget plan, which is presented to City Council by the Mayor and approved by City Council.

APPRAISED VALUE: The estimate of fair market value assigned to property by an appraiser or tax assessor. For tax assessment purposes, such value is stated as of the last countrywide reappraisal date.

APPROPRIATION: Authorization given by Council to make expenditures or incur obligations for approved work programs with specific limitations.

ASSESSED VALUATION: A valuation set upon real estate or other property by a government as a basis for levying taxes. Taxable valuation is calculated from an assessed valuation.

BALANCED BUDGET: A budget is considered "balanced" when Total Revenues equal Total Expenditures within each fund and for all funds in aggregate. Fund balance (reserves) may be used as a Revenue Source to balance the fund so that Revenues equal Expenditures.

BASE BUDGET: The minimum amount of funding necessary to continue the current level of service including inflation and equipment replacement schedules.

BENCHMARK POSITION: Positions to be used as points of reference; here, when measuring our employees' pay with pay levels in our labor market.

BOND: A long-term obligation or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

BOND DEFEASANCE OR BOND REFINANCING: The payoff and re-issuance of bonds to obtain better interest rates and/or bond conditions.

BUDGET: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing. The term "budget" is used in two senses in practice. The budget, once adopted, is the legal authorization to expend City funds during the fiscal year. The budget may be amended during the fiscal year by the governing body and/or management in accordance with procedures specified by law and/or administrative rules and regulations.

BUDGET ADJUSTMENT: A legal procedure utilized by the budget staff to revise a budget appropriation. The Budget Officer has the authority to adjust expenditures within or between departmental budgets according to budget policy. No increase in the total budget can occur without approval of Council.

BUDGET CONTROL: The control or management of a governmental unit or enterprise in accordance and within the limitations of available appropriations and available revenues.

GLOSSARY

SEE ALSO: ACRONYMS

BUDGET MESSAGE: A general discussion of the proposed budget as presented in writing to the legislative body.

CCG: The acronym for Columbus Consolidated Government.

CAPITAL IMPROVEMENTS: Building, infrastructure, and other attachments or annexations to land and facilities which are intended to remain so attached or annexed.

CAPITAL IMPROVEMENTS PROGRAM (CIP): A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

CAPITAL OUTLAY: Capital items are defined as tangible items such as tools, desks, machinery, and vehicles costing more than \$500 each and having a useful life of more than one year.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG): A federal domestic assistance grant to develop viable urban communities by providing decent housing and a suitable living environment as well as expanding economic opportunities for persons of low and moderate income.

CODE: A group of numbers that may identify a fund, department/division, line item or project.

CONSOLIDATED GOVERNMENT: A county and city whose governments are combined into a single entity.

CONSUMER PRICE INDEX (CPI): An index of items used to measure the change in prices over time.

CONTINGENCY: A budgetary reserve set aside for emergencies or expenditures not otherwise budgeted.

COST ALLOCATION: Method designed to recover indirect costs from non-general fund activities for the administration of specific General Fund services provided to those activities.

DEBT SERVICE: Payment of interest and repayment of principal on city debt.

DEPARTMENT: A major administrative organizational unit of the City that indicates overall management responsibility for one or more divisions.

DEPRECIATION: (1) Expiration in the service life of fixed assets, other than wasting assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy and obsolescence. (2) The portion of the cost of a fixed asset other than a wasting asset that is charged as an expense during a particular period. In accounting for depreciation, the cost of a fixed asset, less any salvage value, is prorated over the estimated service life of such an asset, and each period is charged with a portion of such cost. Through this process, the entire cost of the asset is ultimately charged off as an expense.

DIVISION: A major administrative organizational unit of the City that indicates overall management responsibility for one or more activities.

D.O.T. – Department of Transportation.

GLOSSARY

SEE ALSO: ACRONYMS

ELECTED OFFICIAL: Person who holds an elected position of leadership for the City and/or County government. In Columbus/Muscogee County, these are the Mayor, Sheriff, Marshal, certain Judicial Officials (District Attorney, Judges, Solicitor), Clerk of Superior Court, Coroner, and Tax Commissioner.

ENTERPRISE FUND – A fund established to account for operations financed and operated in a manner similar to private business enterprises.

EXPENDITURES: Disbursements or outlays of cash which decrease the City’s net financial resources. Expenditures include current operating expenses that require the current or future use of net current assets, debt service and capital outlays.

EXPENSES: Decreases in net total assets. Expenses represent the total cost of operations during period regardless of the timing of related expenditures.

FISCAL YEAR: A twelve-month period of which the annual operating budget applies and, at the end of which, a government determines its financial position and the results of its operations.

FIXED ASSETS: Assets of a long-term character that are intended to continue to be held or used, such as land, buildings, improvements other than buildings, machinery and equipment.

FRANCHISE FEE: A fee paid by public service utilities for use of public property in providing their services to the citizens of the community.

FUND: A fiscal and accounting entity with a self-balancing set of accounts which record cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

FUND BALANCE: The unused balance of governmental funds and expendable trust funds, which include certain reservations of funds established for control purposes. It is what is “left over” after obligations have been repaid and all expenditures have been completed.

GENERAL FUND: The principal fund operating the city that accounts for most of the financial resources of the government. General fund revenues include property taxes, licenses and permits, local taxes, service charges and other types of revenues. This fund includes most of the basic operating services, such as fire and police protection, finance and records, leisure services, public services and general administration.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP): Uniform minimum standards of and guidelines for financial accounting and reporting. They govern the form and content of the basic financial statements of an entity. GAAP incorporates the conventions, rules, and procedures necessary to define accepted accounting practices at a particular time. GAAP provides a standard by which to measure financial presentations.

GENERAL OBLIGATION (G.O.) BOND: This type of bond is backed by the full faith, credit and taxing power of the government.

COLUMBUS, GEORGIA CONSOLIDATED GOVERNMENT
FISCAL YEAR 2023
CAPITAL IMPROVEMENT PROGRAM

This page intentionally left blank.

INTRODUCTION

CAPITAL PROJECTS BACKGROUND

The Columbus Consolidated Government (“CCG”) has operated a capital program since its consolidation in 1971. The program, which was originally supported by the General, Sewer and Paving operating funds, has historically been used for infrastructure such as road construction, drainage improvements, technology support and miscellaneous project fund reserve. Today, the Sewer and Paving Funds are supported primarily by property tax revenue, while the General Fund is funded from property, utility, sales and other taxes, as well as miscellaneous other revenues.

The Integrated Waste Management Fund was added in 1994 to account for capital projects related to the construction and expansion of landfills. This fund is supported by service charges from residential and commercial waste collection and management.

In addition to Capital Improvement Project (CIP) Funds which are supported by Operating Funds, from time to time CCG finances projects either through debt issuance or contractual debt issued through the Columbus Building Authority (the “Authority”). The Authority was created by Article VII, Sec. VI, Pa. 1 of the Constitution of Georgia of 1945, as amended and ratified at the general election of November 5, 1968 (Ga. L. 1966, Pg. 946). The Authority provides a means to issue revenue certificates to acquire, construct, equip, maintain, and operate self-liquidating projects embracing buildings and facilities for use by the Consolidated Government of Columbus, Georgia. Debt service for Authority issued bonds is funded through the Debt Service Fund, an Operating Fund of CCG.

In 1999, the citizens of Columbus voted to renew the 1993 1¢ Special Local Option Sales Tax (“SPLOST”). The renewed SPLOST provided funding for approximately \$255,000,000 of capital projects used for public safety, economic development, recreation, transportation, a citizens’ service center, storm water drainage improvements, flood abatement, road, street, and bridge construction/repair, a county library, and governmental, proprietary, and administrative purposes of the SPLOST. The projects were financed with equally distributed revenues and constructed as SPLOST cash flow allowed over a nine-year time span. In 2010, SPLOST collections ended.

In July of 2008, the citizens of Columbus voted to approve a new Local Option Sales Tax (referred to as the “Other LOST”) that would allocate a one-cent sales tax to help raise funding for the city. Seventy percent of the tax revenue is devoted to Public Safety. Public safety expenditures have included the addition of 100 police officers, adding new patrol zones, building police precincts, replacing fire stations, building a jail addition, hiring Sheriff personnel, and annually paying every city law enforcement officer a supplement (this year, \$3,852). The remaining thirty percent has been dedicated toward roads, bridges and other much needed infrastructure projects. The tax went into effect on January 1st, 2009.

On July 31, 2012 voters in the River Valley special district, of which Columbus is a part, approved a regional Transportation Special Local Option Sales Tax (“TSPLOST”). Enacted as the Transportation Investment Act of 2010, this legislation authorized the funding of designated transportation projects as determined by a regional roundtable committee of local elected officials from the region and approved by its citizens.

INTRODUCTION

CAPITAL PROJECTS BUDGET/FUNDING PROCESS

During the operating budget process, departments submit funding requests for new projects. In order to get a total project cost, budget procedure requires requests to be presented over a five-year period to include anticipated operating costs after project completion.

The CIP Committee reviews the funding requests. This Committee is comprised of the department heads associated with the ongoing capital improvement projects. These funding requests are ranked by importance and need in the community and are then forwarded to the City Manager with funding recommendations to be included in the overall Operating Budget.

All funding sources are approved by the City Council. Projects financed by the operating funds are presented in the Annual Operating Budget as inter-fund transfers or within specific departmental budgets. The appropriations are transferred to the relevant CIP funds. Projects may be financed with a variety of sources and, unlike the operating funds, CIP appropriations do not lapse at year-end.

The funding for the **\$368,269,597** of Capital Improvements Projects for the FY2023 budget is financed through the following methods (See summary of financing and projects by service type):

- **\$28,226,228** Operating fund supported:
 - **\$1,375,163** from the Sewer Fund
 - **\$1,031,765** from the Paving Fund
 - **\$0** from the Integrated Waste Fund
 - **\$25,819,300** from Prior Years' Fund Balances
- **\$414,809** from the 1999 Special Purpose Local Option Sales Tax (1999 SPLOST)
- **\$177,732,122** from Columbus Building Authority – Contractual Debt (2003A, 2003B, 2010B, 2010C Issues)
- **\$11,890,593** from the 2009 Other Local Option Sales Tax (2009 Other LOST)
- **\$43,387,361** from the 2012 Transportation Special Purpose Local Option Sales Tax (TSPLOST)
- **\$78,482,038** from the American Rescue Plan (ARPA)
- **\$28,136,446** from the 2021 Special Purpose Local Option Sales Tax (2021 SPLOST)

The total financing for a given project may be available at one time, while the project may take more than one fiscal year to complete. Therefore, financing sources may be higher than the project cost for that fiscal year. In this case, the total financing sources are earmarked and recorded for that project and any balance carried forward to the next fiscal year. For the TSPLOST projects, the anticipated amount to be expended in each of the next five (5) fiscal years has been shown in the detailed section, although the entire amount of the remaining funding for FY22 and beyond has been included in the total financing sources. For recurring expenditures that are anticipated for each of the next five (5) fiscal years, the estimated amount that is expected to be allocated in those future years has been shown. However, it is important to note that ONLY the FY23 apportionment has been adopted as part of the FY2023 Adopted Budget, because according to the City's charter, only one year of budget appropriations can be officially adopted each budget cycle by Council. Apportionment for future years has not yet been approved or adopted and is presented for discussion and planning purposes only.

INTRODUCTION

CAPITAL PROJECTS OVERVIEW

This document is a comprehensive overview of projects currently funded by the Consolidated Government. The projects are grouped by service type. The project groups are:

\$184,545,396

MANAGEMENT – Incorporated in this group are projects which will impact the general function and management of CCG. Projects may include land acquisition and development, facilities and infrastructure construction and renovation not directly associated with any other service classification. These projects are typically funded with contributions to the CIP Fund from the operating funds. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Management tab.

\$17,448,269

PARKS, RECREATION & LEISURE – All costs associated with the land acquisition and park development, facilities construction and renovation of gymnasiums, museums, recreation centers, marinas, courts, and fields and other facilities and infrastructure associated with recreational and leisure activities. These projects have been primarily financed by the SPLOST but also receive funding from the General Fund, grants and private contributions. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Parks, Recreation & Leisure tab.

\$3,156,339

PUBLIC SAFETY/CRIMINAL JUSTICE – All projects related to the delivery of Courts, Police, Fire, Sheriff, Marshal, Emergency Medical and Correction services are recorded in this section. These projects are typically funded by the General Fund but may be financed through debt and other sources. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Public Safety/Criminal Justice tab.

\$16,757,515

DRAINAGE – Projects classified as drainage are primarily concerned with storm water control, flood prevention and soil conservation. Sewer construction and renovations, open ditch and stream bank stabilization, and retention pond improvements are found in this section. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Drainage tab.

\$23,801,913

TRANSPORTATION - All modes of transportation for motorized and non-motorized vehicular and pedestrian traffic are included here. Projects may be land and right-of-way acquisition, traffic signalization, road, sidewalks, and path or trail construction. Road projects are primarily funded through contributions from the Paving Fund. Other financing sources may include SPLOST or bond issues. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Transportation tab.

INTRODUCTION

\$43,387,361

TSPLOST- All of the projects included in this category have been specifically identified as TSPLOST projects. In 2012, three regions approved by referendum the adoption of the TSPLOST, or Transportation Special Local Option Sales Tax. Columbus/Muscogee lies within the 16-county region known as the River Valley region (T-08). Each month, Muscogee receives a distribution equating to an apportioned amount of TSPLOST collections in the River Valley region as part of its discretionary funding under this tax referendum. Discretionary funds may be used at Council's direction and discretion for transportation projects. The majority of TSPLOST funding is non-discretionary and is allocated according to those projects specifically approved under this taxation program.

\$690,766

ENVIRONMENTAL – This category primarily shows projects associated with the landfills. Other projects may include urban re-forestation, streetscapes and gateway projects. The summary and each service type category and detail pages of the individual projects composing the service type are behind the Environmental tab.

\$78,482,038

AMERICAN RESCUE PLAN ACT – This category primarily shows projects associated with emergency funding received from the US Treasury. Other projects may include public health & safety, infrastructure and economic support. The summary and each service type category and detail pages of the individual projects composing the service type are behind the ARPA tab.

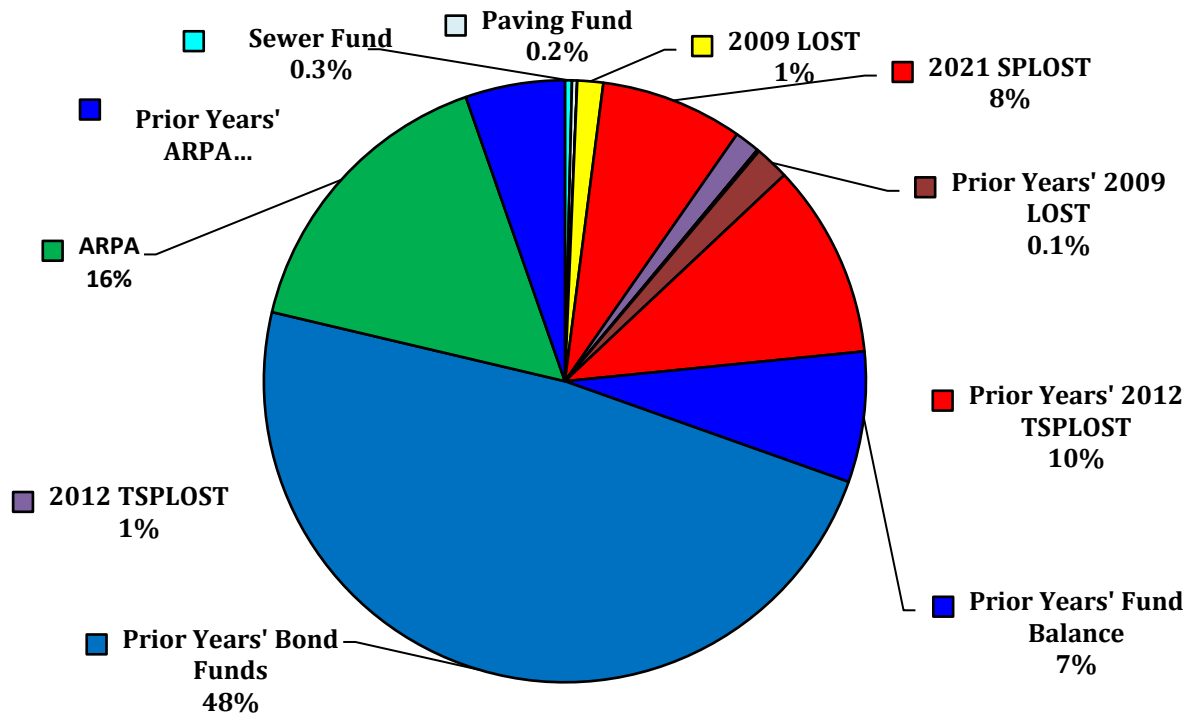

Capital Improvement Projects project budgets may include any of the following basic costs commonly associated with a CIP Project:

- Renovation or expansion of existing facilities
- Initial feasibility study for new facilities/infrastructure
- Land acquisition, site improvements, development
- Construction of new facility/infrastructure
- Management/administrative costs
- Equipment and furnishings associated with the project
