Vendors are informed that the above subject Request for Proposals (RFP) is hereby modified, corrected, or supplemented as specified, described and set forth in this Addendum:

A. City's response to request for clarification

1. Question: *"Is this a system replacement (devices, horns, strobes and pull station) or upgrade? If so, what are the device requirement? (Brands, Notifier, Simplex, etc.)"*

Response: **This is not a system replacement or an upgrade. This software will be used to send mass notifications by phone, email, or text to keep citizens informed about City information. It is a mass communication system to notify registered subscribers in the event there is an emergency and/or change of service. There is no device requirement.**

2. Question: *"Is the current system functional?"*

Response: **Yes, the current CodeRed system is functional. The item is being bid because we have exhausted all contract renewals.**
