Question: "What types of film do you need to access? Ex: 16mm and/or 35mm roll film, microfiche, aperture cards."

Answer: The City will use 16mm cartridges manufactured by 3M, these cartridges have very specific mounting options. The mount needs to be circular with 4 round holes. See attached photos.

Question: "Will there be a need for conversion of part or all of the film inventory, or just scan/print "on demand"?"

Answer: The City will need the ability to convert all cartridges to PDF. We will also need to be able to scan and print if needed.
