QUESTIONS / RESPONSES

Question 1: "The exterior of all 3 must be the exact same paint color. No variations at all. I just wanted clarification because we can get you (3) used cargo worthy containers in blue or all 3 in red, but the tones of the colors would be slightly different. So you are looking for the exact same color on all 3. So, either all 3 containers new same color which is easier but more expensive, or all used cargo worthy containers, PAINTED the same color for all three. And if we need to repaint, is there a color choice on your part?"

Response: We will be repainting the containers; therefore color is not as important as matching when set side by side, i.e. same metal structure, locking mechanisms and door openings.
