

Attached is an Ignition Interlock Waiver Application form which is required by the Georgia Department of Driver Services (DDS) in order to apply for a limited permit following a second driving under the influence (DUI) conviction without having to install an ignition interlock device on your motor vehicle.

**The applicant is strongly advised to seek competent legal counsel from a licensed practicing Georgia attorney who is knowledgeable and experienced in DDS rules and regulations.**

The applicant is responsible for the thorough and accurate completion of the form. The applicant must arrange to appear before the court to attest to the application and submit the form to the DDS. Court personnel such as judges, court clerks and prosecutorial staff are prohibited by law from giving legal assistance, advice or representation to applicants.

It is not unusual for an applicant for an ignition interlock waiver to spend several hours waiting at the DDS office only to be told by the agent that the waiver form is incomplete or inaccurate. DDS agents are under no legal obligation to advise the applicant as to deficiency of the application. This requires the applicant to ascertain the deficiency, return to the court for a new correct Ignition Interlock Waiver Application form and return to the DDS office. This repetition cycle can occur more than once during the course of one application.

Pursuant to the provisions of O.C.G.A § 42-8-111, this court finds that requiring the Defendant herein to install in a motor vehicle an ignition interlock device as a condition of probation would subject the Defendant to undue financial hardship.

The requirement that the Defendant install an ignition interlock device as a condition of probation is hereby waived by this court.
